how to decide on a COLLEGE

1. Consider weather

Many of you will stay in the city where you attended college. So if you hate the city for weather, it's probably not the best move to relocate there for the next four years.

2. Figure out if you want a big school or a small school

Transition periods will be much easier if you are comfortable in your surroundings.

3. Research the majors and minors they offer

Not all of you know what majors you want quite yet, and that's ok - just make sure the university you are selecting has a handful of choices you are definitely interested in.

4. Know what activities they offer

You are going to want to be involved in something other than the library. It's good for your resume, your self-development, and your social calendar.

5. Promixity

How close to home are you? How long does it take to visit?

6. Traditions

If you like to drink the kool-aid, then make sure you go to a school with a lot of spirit!

Begin your research and preparation early in your high school journey!

GET INFORMED ON THE VARIOUS BRANCHES

Select the
branch
that's right
for you!

U.S. Military 101 - Army, Navy, Air Force, Marines

Army

The United States Army is the main ground-force of the United States.
Active duty population:
471,000

Air Force

The primary mission of the Air Force is to defend the United States through exploitation of air and space.
Active duty population:
322,000

Navy

The Navy's primary mission is to maintain the freedom of the seas.
Active duty population:
324,000

Marine Corps

Marines specialize in amphibious operations.
Active duty population:
184,000

Coast Guard

The Coast Guard consists of ships, boats, aircraft and shore stations that conduct a variety of missions.
Active duty population:
36,000

PREPARE FOR & TAKE THE ASVAB

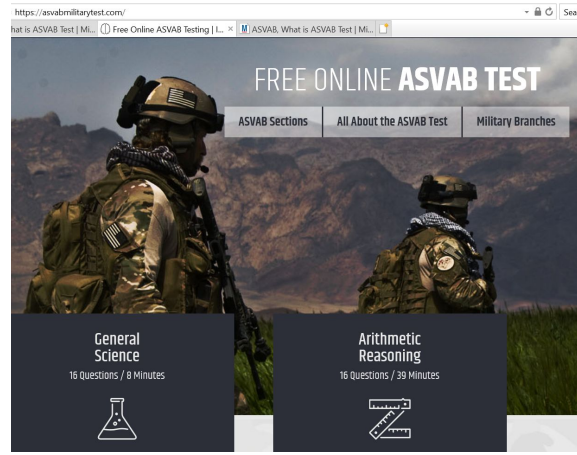

Books

- What is the ASVAB?
 - Your scores in four critical areas -- Arithmetic Reasoning, Word Knowledge, Paragraph Comprehension and Mathematics Knowledge (see below) -- count towards your Armed Forces Qualifying Test (AFQT) score. The AFQT score determines whether you're qualified to enlist in the U.S. military.
- Your scores in the other areas of the ASVAB will determine how qualified you are for certain military occupational specialties and Enlistment Bonuses. A high score will improve your chances of getting the specialty/job and signing bonus you want.
- Scoring high on the ASVAB will require study and concentration. Don't skimp on preparing for this test. It's your future. Get the most out of it.

Apps
