

CYBER P-TECH USA with St. Philip's College Roles

Leadership Team

The Leadership team is made up of high-level personnel from the school district, campus, industry/business Partners, and IHE with decision-making authority who meet a minimum of twice a year. It is the responsibility of the leadership team to oversee the design, governance, operations, accountability, curriculum development, professional development, outreach, sustainability, and continuous monitoring and improvement of Cyber PTECH USA. This leadership team hold the ultimate decision making authority.

Design Team

The Design team is in place with planning only. It could be made up of people from the Leadership Team and Advisory Board but this team is responsible for the “DESIGN” of the program to include the development of the program structure, logistics, documents, funding, etc. Who are the decision makers to bring to the table to help develop the program?

Advisory Board

The purpose of the Advisory Board is to bring together both private and public organizations to support students in public schools by helping them succeed in school, college, and career.
