

May 27, 2021

Mr. Pedro Martinez
Superintendent
San Antonio ISD
141 Lavaca St
San Antonio, TX 78210

Dear Superintendent Martinez:

This letter is to inform San Antonio ISD that the Texas Education Agency (TEA) has approved the 2021-2022 provisional designation application for Houston High School as a provisional Pathways in Technology Early College High School (P-TECH).

The 2021-2022 designation process for P-TECH includes reports for Outcomes-Based Measures (OBMs). The College and Career Readiness School Models (CCRSM) are currently in a phase process for new blueprints. Your campuses P-TECH OBM report is available through TEA's TEAL Login. This data is for information and planning purposes only. This information will not be used for 2021-2022 designation. For more information on the blueprint revision and phase in process, please visit our [TEA CCRSM webpage](#).

Provisional Designation is awarded to campuses for a period of one school year, during which the campus may operate as a P-TECH. Provisional designation is for a P-TECH in the first four school years of designation. Provisional Designation is designed to:

- provide additional time for schools to make required changes to P-TECH Blueprint.
- allow the P-TECH to demonstrate its ability to fully and appropriately implement its plan in keeping with the core principals and requirements of the P-TECH designation.
- allow P-TECH that have not been in operation as an P-TECH for a full-year an opportunity to report student enrollment.
- allow P-TECH to receive technical assistance and participate in the network of P-TECH.

Thank you for San Antonio ISD's hard work and dedication in providing opportunities for students to accelerate their learning and graduate from high school prepared for the postsecondary path of their choosing.

If you have questions or require additional information, please email at PTTECH@tea.texas.gov.

Sincerely,

Mike Morath
Commissioner of Education

MM/Kg
