Cyber P-TECH USA BOY Advisory Meeting 2022-2023 School Year October 25, 2022

Agenda

Breakout Activity

In groups of 3 or 4, discuss ideas for the following topics. Each group will share:

- What personal and professional qualities do cybersecurity specialists need?

Group shared that the ability to present, interpersonal communications, conflict management, and communication all need to be taught to the students prior to their career search.

- Which industry certifications do you feel are most important?

Group shared that CompTIA (all), Oracle (all) would be most beneficial, but there are others based on the field they would like to go into.

- If you could discuss the industry with your high school self, what would you tell yourself?

To think about what they want to do and then go for it. Cyber has a lot of different pathways to success.

Recruitment

Discuss recruitment ideas

Social Media, BSides Conferences, Community Events

Next Meetings

Next meeting is on Nov 15
