

SAISD ECHS and P-TECH STEERING COMMITTEE San Antonio College

October 23, 2024

Agenda

- 1. Welcome & Purpose**
- 2. School Profile Review**
- 3. SOAR Analysis *(Cross-Program Collaboration)***
- 4. Action Planning *(Program Specific)***
- 5. Problem Solving *(Group Collaboration)***
- 6. Closing & Next Steps**

Welcome: Purpose, Process Payoff

Purpose

To collaborate between P-TECH and ECHS campuses to continue best practices for student success.

Process

The focus of this multi-model meeting will be on strategic improvement, collaboration, and alignment using the SOAR Framework and Action Planning.

Payoff

Increased cross-program collaboration, partnership building, continued and/or improved student achievement, program sustainability.

TEA Blueprint & OBM Overview

P-TECH and ECHS Benchmarks

1. School Design
2. Partnerships
3. Target Population
4. Academic Infrastructure
5. Student Support
6. Work-Based Learning (P-TECH Only)

Outcomes-Based Measures (OBMs)

- Access - Recruitment & retention of at-risk/eco dis students
- Achievement - HS and CTE academic success
- Attainment - College and industry success

Program Highlights and Needs Assessment Overview

H-TECH at Fox Tech High School

Edison P-TECH School of Business

Travis Early College

Needs Assessment – High-Need Benchmarks

Target Population – Engagement & Recruitment

Student Support – Retention & Support

Work-Based Learning – Effective Industry Partnerships

Cross-Program SOAR Analysis

Strengths: What strengths do we have collectively in these high-need benchmarks?

Opportunities: What opportunities exist to enhance these benchmarks across all programs?

Aspirations: What shared aspirations do we have for the impact of these programs on students and communities?

Results: What measurable outcomes would indicate success across all programs?

Program-Specific Action Planning

Action Plan Elements

Key Actions: What steps are needed to address these high-need benchmarks within your specific program?

Resources & Support: What resources or support does your program need? Which additional partners (non-profits, ISD or IHE departments, etc.) could be pulled into the work to support?

Collaboration Points: Where can programs collaborate or share resources to enhance outcomes?

Collaborative Problem-Solving

Shared Challenges/Barriers: Share out anticipated challenges and barriers to success for high-need benchmarks.

Solution Brainstorming: For each challenge, brainstorm potential solutions and identify roles each program can play in overcoming these barriers. Consider forming cross-program teams or initiatives.

Closing & Next Steps

Key Takeaways/Actions: Each program, partner, and IHE to share one key takeaway or action they are excited to pursue.

Next Steps:

Edison P-TECH

Fox Tech H-TECH

Travis ECHS

San Antonio College

Industry Partners

SAISD District/EduBridge Texas

Spring 2025 Steering Committee Meeting

Meeting Location: San Antonio ISD

Meeting Format: *Please provide feedback on the activities completed today.*

“I like / I wonder”:
