Students must be admitted or enrolled at the Alamo Colleges to have an ACES email, which is required to create an account and to apply for scholarships.

Scholarship eligibility is based on various factors such as academic merit, program of study, community service, extracurricular activities, residency, campus/club organization, and/or financial need. All students (domestic, international or DACA) are invited to apply for available scholarships.

Scholarship FAQs

Students may submit one General Scholarship Application each academic year to be considered for all Alamo Colleges Foundation scholarships. If you are a previous applicant or want to be considered for scholarship renewal, you must apply again to be considered for 2022-2023 academic year funding. Students that submit a scholarship application successfully will receive a confirmation email to their student.alamo.edu email. Please note that submission of an application does not guarantee an award.

Merit and need-based opportunities are available. Students who wish to compete for need-based scholarships must submit the 2022-2023 Free Application for Federal Student Aid (FAFSA) at www.studentaid.gov to qualify.

Scholarship Essays

The scholarship application has several short essay questions giving you an opportunity to introduce yourself and discuss your educational, career and life goals.

Scholarship application essays are reviewed by scholarship judges and selection committees. In addition to GPA, volunteerism, leadership, community service, military service, employment, and extracurricular activities, your essay should set you apart and let scholarship judges and committee members know why they should rate your application above all the other applicants.

PepsiCo Foundation Uplift Scholarship

Launched in March 2021, this \$40 million program supports incoming community college students transitioning to four-year colleges. The program aims to address the historical barriers that often make it challenging for minority students to enroll, persist, and graduate from college.
