

Greetings from VOKNation

FALL 2019 Vol. 1

Sidney Lanier High School is growing!

Summer 2019 is when construction began on the campus and it was a sad time to say goodbye to the sacred space called “the Mall”. This was where memories were made and where alumni would come to reflect on all of the endless adventures that happened there. While there have been mixed emotions from students, parents, alumni, and the community; we can all agree that it is indeed a true sign of exciting things to come as the school continues to grow. The current work being done is the first part which will continue on through approximately Summer 2021. It is also a powerful message from the district to show that Lanier is a vital element of the 78207 community. We remain the **PRIDE OF THE WESTSIDE!**

HELPFUL PHONE NUMBERS

Main Office 210.978.7910
