1534 Cesar Chavez Blvd. 5-7 P.M.

*All Lanier Feeder families are welcomed to attend this informational event!*

# Making Everyday Count: Attendance Matters! School, Community, and Health Resource Fair

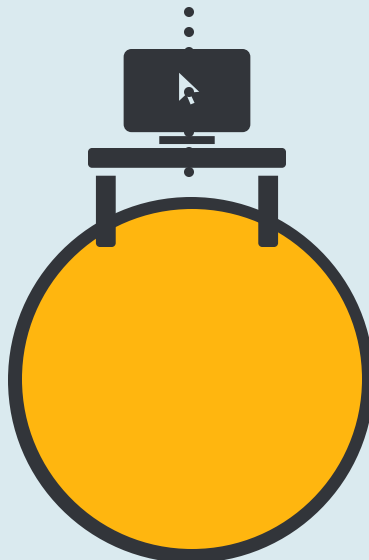

Parents are the first teacher and have the support of school to contribute to student success.

Graduation is the ultimate destination and everyday counts for students of all ages!

We have a seat for you waiting, in a positive and nurturing environment!

Communication is the key, if your child is not present for 90% of the school year they can be held back.

There are many campus and district resources available to parents to assist as needed. In addition to the numerous community partners that work with families to remove barriers to attending school.
