Renewal Recommendation to SAISD Board
Will be presented for approval at Dec. 13 Meeting

Revocation of the Charter

Texas Education Code, Section 12.028

By state law, when the SAISD Board is considering whether to put on probation or revoke a school's charter, the district must provide an opportunity for a hearing to the campus staff and parents. The hearing must be held on the campus.

What this mean for our school, if Board approves

- SAISD school remains an SAISD school
- Return to district management
- District will work with school staff to determine the best for programming and curriculum, using a needs assessment
