## Notes from Emerson/Notas de Emerson

This past week was an AMAZING week! We have so much student agency and action taking place, and I couldn't be prouder. With Exhibition taking place on February 6th, it is evident that Briscoe Bears care about our school, community, and the world.

On another note, Mrs. Anayit Hernandez has done a fantastic job of recruiting parent volunteers and empowering them to take action! What great examples these parents are for our students! Briscoe Bears are showing when a group of caring and like-minded people get together, wonderful change happens!
