Salutations Parents, Guardians & Community Members!

I sincerely hope you are doing well and have adjusted to the new way of educating our children during a pandemic. Although distance learning is not the preferred choice for the majority of people, please remember that this is necessary to minimize the risk of spreading the Coronavirus. The health and well-being of all human beings is top priority in our present time.

Starting today, Monday May 18<sup>th</sup>, all students are expected to convert their learning from Seesaw (PK-2<sup>nd</sup> grade) and Google Classroom (3<sup>rd</sup>-5<sup>th</sup> grade) to daily lessons on the SAISD Digital Playground website. Last week your child was provided with guided instruction on how to access this learning platform. This SAISD created site will have daily lessons geared toward each grade level and should be used through August 7<sup>th</sup>. We want all our students to continue learning until we can return to school in August.

As this school year comes to a close next week, please know that in order to reserve your child's spot at our campus for next school year, you must complete the enrollment process ASAP. Huppertz Elementary is a Choice School and this means that anyone who lives within Bexar County can apply to have their child/ren attend our school. In addition, all students who are already enrolled for next school year are able to continue using the borrowed SAISD technology that was distributed for online learning. If you have not enrolled your child, are experiencing difficulties, need assistance, or will not attend an SAISD school next school year, it is of utmost importance for you to
