Comprehensive Needs Assessment

Revised/Approved: May 31, 2022

Demographics

Demographics Summary

Washington Elementary Overview

For the 2022–2023 academic year, Washington Elementary will serve students in PK–6th grade and is rated a "B" campus by TEA. We are an innovative community school that is close to Fort Sam Houston base and Interstate-35. Washington Elementary is a Title 1 campus with a dual language program. Due to local housing market over the past year, enrollment has declined. As a result, we have collaborated closely with the Sutton Oaks apartments and nearby single family units to encourage enrollment. To promote the school and involve parents, campus representatives have gone to community fairs and outreach programs. In the recent year, attendance has declined to 86%, as our community was impacted heavily by the pandemic. Additionally our school suffers from a high mobility rate, which is around 30 %.

STAFF Demographics

For the 2022-23 school year, Washington Elementary has:

- 1 Principal
- 1 Assistant Principal
- 2 Instructional Coaches
- 1 Counselor
- 20 Teachers
- 2 Instructional Assistants (Pre-K)
- A Face Specialist
- A Community In Schools Specialist

We currently have 23 teachers and 60% of the teachers are Hispanic, 17% African American, and 22% are White.

---26% of teachers (6) have less than 5 years of teaching experience ---74% of teachers (14) have more than 10 years of teaching experience ---
-10% of our teachers (2) has a TEA distinction. (1 master, 1 recognized)

TOTAL ENROLLMENT 330, HISP 78.6% , AMER IND 0% , ASIAN 0% , AF AMER 20% , WHITE 0.8% , PAC ISLAND 0% , MULTIRACE .6% , ECO DIS 98.2% , GT 31.7% , LEP 15% , SPED 4.9% , AT-RISK 71.3% , 504 1.8% , MIGRANT 0.0% , HOMELESS 5.3%

Demographics Strengths

The fact that many of our parents went to Washington Elementary makes it a generational school. Our classroom instructors average more than 5 years of teaching experience, which represents more than 70% of them. The campus has employed resources and adopted instructional practices to improve student performance at all grade levels and across all subpopulations. Along with special education, 504/Dyslexia, ELLs, homelessness, and other subpopulations that require focused intervention techniques, we have also developed strategies and activities for these issues. Reaching all subpops and ensuring that we consider feedback from parents and the community when making decisions about instruction and the campus have both been made possible in large part thanks to the FACE specialist. The school staff is involved in neighborhood gatherings and community outreach activities. Washington also has strong community partnerships with various organization located within the East side of San Antonio.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): The average daily attendance rate decreased from 93.8% to 86%. High rates of absences at every grade level has caused a disruption of instruction and student learning. **Root Cause:** The monitoring of attendance and interventions, as well as the regular assessment of data systems to spot patterns, were not done consistently.

Problem Statement 2 (Prioritized): Washington ES family engagement rate is below 50% in activities that support learning/academic performance when compared to our social programs. **Root Cause:** Inefficient communication to our community.

Problem Statement 3 (Prioritized): Washington ES students and staff need social and emotional resources that are research based and current. **Root Cause:** Daily trauma has caused a lot of emotional strain on our students and staff.

Student Learning

Student Learning Summary

Please see attached Addendum.

Student Learning Strengths

Students receive after- and during-school tutoring from teachers. Additionally, we offer Saturday school for both intervention and enrichment. To better meet the needs of our English language learners, all of the bilingual teachers have received training in the most effective SIOP techniques. All approaches to effective classroom instruction includes best practices for our special populations of students, such as own special education students and bilingual students. In order to continuously meet the academic demands of students, these techniques are used through all of our grade levels to build chemistry, accountability, and collaboration.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The campus rate of students scoring Meets on the STAAR math test is 25% and STAAR reading is 36 %. **Root Cause:** Based on Classroom observations, teachers are not implementing effective TIER 1 instructional strategies.

Problem Statement 2 (Prioritized): As a district, 31% of students are at grade-level in reading and 35% in math. 16% of our students are not graduating "on time" and 27% of our students are not college, career, or military ready. **Root Cause:** As a district, we need to improve systems that involve assessments, how we evaluate the results of the assessments, and how we create targeted intervention plans for students with gaps in grade-level readiness.

Problem Statement 3 (Prioritized): Kinder through 2nd grade have not been provided the opportunities to experience differentiated learning experiences based on assessment data and grade-level collaboration. **Root Cause:** Lack of fidelity and implementation on a grade level and campus level.

School Processes & Programs

School Processes & Programs Summary

Washington ES has approximately 52 faculty and staff members, with an influx of brand new teachers for the 2022-2023 school year. Washington ES administration team consist of one principal, one assistant principal, 2 instructional coaches, and one counselor. Our student fine art programs include music and art daily weekly, and physical education every day for students in Kinder through 6th grade. Washington ES has the please on being a 21st century learning campus, which includes 1 to 1 technology for all of our student in Pre-k through 6 th grade. All classrooms are equipped with state of the art SMART boards. These tools also Washington ES to tailor and engage student in rigorous classroom instructon. To build teacher efficacy, Washington ES holds weekly PLCs meetings, in which researched based professional development is given. Also, Washington ES teachers are given the opportunities to observe their peers and provide them with academic feedback, after analyzing campus classroom trends. The culture and environment of Washington ES fosters learning, supports student accomplishment, and influences how individuals behave in the classroom. Washington ES makes informed decisions when designing educational istructional that meets students' needs, the instructional coaches collaborate with the teachers making sure research based instructional are performed with fidelity. The instructional coaches also assist in creating evaluations and modeling sessions. We also hold principal coffees, and community programs such as Hisapnic Heritage and Black History month. Students can particpate in Phtography club, STEAM club and Garden club.

School Processes & Programs Strengths

Washington ES is s a school that offers one to one student technology, and all of our classrooms are equipped with 21 century learning tools, such as SMART tvs for interactive learning. Washington ES has created opportunities for classroom teachers to effective plan and monitor student instruction, by providing classroom teachers with an weekly extra planning periods, weekly PLNs, and embedded professional development opportunities based on teacher reflection.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): After our data analysis, we determined that 35 % of our Kinder through 6th grade teachers have inconsistently provided students with SEL, Tier 1 instruction. **Root Cause:** As a campus, teachers where inconsistently using Rhithm, and not utilizing SEL instructional resources to engage our students with fidelity.

Problem Statement 2 (Prioritized): After reviewing accountability data, students who are identified as At-Risk are performing below grade- level standards in reading at 59% and math at 63%. **Root Cause:** Teachers are inconsistently utilizing effective small group instruction, along with other high leverage instructional strategies that is based on grade level student data.

Perceptions

Perceptions Summary

Washington ES is a school in which we take pride in which believe every student has worth and has the potential to develop. It is a campus expectation that no child is left behind social-emotionally or academically, as an emphasis is placed on every student advancing yearly academically. In order to improve academic performance, Washington Elementary aims to create enduring bonds with our students and their families. Home, school, and the community work together to support our children's education. Academic excellence here at Washington ES is supported by family and community involvement. By fostering connections and relationships with parents, teachers, school personnel, and the local community, Washington make a conscious effort to increase parent and community involvement that ultimately will enhance the academic success of our students. The collaboration with Family Services and the FACE Specialist helps to strengthen family and community involvement.

Perceptions Strengths

Our ties with our families, which are solid and improve the learning environment, are among our strengths.

The FACE Specialist works on our campus full-time and may help families with things like clothing, food, programs, and parental support. Through parenting workshops, Coffee with the Principal, parent-teacher conferences, perfect attendance assemblies, and award ceremonies, parents are also given the chance to learn how to help their children in reading, arithmetic, and science. To target the core topic areas, we also hold STAAR Night and Literacy Night. Through family nights, lunch with kids, and helping with classroom needs, our collaborations with Family Services, United Way, Texas Capital Bank, Community Bible Church, SA Heals, Army South, and Methodist Hospital strengthen campus community connection.

These are the five strengths we will work on for building capacity:

To discuss the state accountability system and criteria related to their child's academic progress, the campus will have a in person meeting.

- Campus meetings presented to parents in order to provide them with training and literacy tools. The times are detailed in
- All staff members received the Value and Utility training. (Agenda and training sign-in are kept in the office notebook.)
- Initiatives to include parents and give information on federal, state, and local programs are arranged on a monthly basis.
- Both English and Spanish are available for all programs, phone messages, and material sent home.
- The programs are supported by the staff, community, and family involvement initiatives.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): More activities need to be put in place to promote a positive school climate. **Root Cause:** Additional funds are not available to promote a positive school climate.

Problem Statement 2 (Prioritized): PBIS is tier one students were implemented and monitored campus. **Root Cause:** Lack of fidelity to the systems that are in place.

|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>Problem Statement 1: The campus rate of students scoring Meets on the STAAR math test is 25% and STAAR reading is 36 %. Root Cause: Based on Classroom observations, teachers are not implementing effective TIER 1 instructional strategies.</p> |

Student Learning

Problem Statement 2: As a district, 31% of students are at grade-level in reading and 35% in math. 16% of our students are not graduating "on time" and 27% of our students are not college, career, or military ready. **Root Cause:** As a district, we need to improve systems that involve assessments, how we evaluate the results of the assessments, and how we create targeted intervention plans for students with gaps in grade-level readiness.

Problem Statement 3: Kinder through 2nd grade have not been provided the opportunities to experience differentiated learning experiences based on assessment data and grade-level collaboration. **Root Cause:** Lack of fidelity and implementation on a grade level and campus level.

Goal 3: ENSURE PROFICIENCY

2b: Increase the percent of Grade 3 students on grade level in Reading & Math STAAR

Performance Objective 1: Student participation in enrichment services will increase by 25 percent by the end of May.
