## Demographics

### Demographics Summary

Cooper Academy at Navarro is a non-traditional dropout prevention and recovery high school named after James Fenimore Cooper and located in the historical buildings named after Texas Statesman, Jose Antonio Navarro. Cooper Academy at Navarro serves students between the ages of 15 -25 who have previously dropped out or who are at risk of not completing high school with their cohort. Here students are given the opportunity to complete their remaining coursework, enabling them to attain their high school diplomas. The school has three satellite classrooms located at Jefferson United Methodist Church, Sam Houston High School and Charles C. Ball Academy to expand its reach and serve more students. Cooper Academy at Navarro provides support and educational opportunities to students who find themselves lost in their journey to completing high school. The teachers and staff at Cooper Academy at Navarro provide these students a second chance to achieve success. The school motto, “My past is not my future”, exemplifies the spirit of our Cooper students. Additionally, Cooper Academy at Navarro also offers students opportunities to earn certifications in the areas of CNA, CompTIA ITF, OSHA general and OSHA construction. The Phoenix Middle College is part of Cooper Academy at Navarro and offers students an opportunity to earn certifications while earning college credit during their last two years of high school.

We are engaged with the St. Phillips Middle College; Good Careers Academy; Wesley Nurse; University Health Systems-Robert B Green; Communities in Schools; La Familia Cortez; and United Methodist Church. Entering into a partnership with SAISD Plant Services to provide internships for Level 1 and Level 2 certifications.

Communities in Schools provides 1-on-1 counseling with our students who are and/or have been teen-age parents. This counseling service is intended to decrease the amount of 2<sup>nd</sup> births by teen parents. The United Methodist Church along with the Wesley Nurse partners with school throughout the school year in different capacities, from donations to utilizing their facilities for Health Fairs and other activities for our campus. The St Phillips Middle College allows our students to earn certifications while they are in high school and the Good Careers Academy provides the CNA certifications. 14 certifications were issued the 1<sup>st</sup> semester of the 18-19 school year and 22 certifications are anticipated for the 2<sup>nd</sup> semester of the 18 – 19 school year. The Wesley Nurse (Methodist Health Care Ministries) and the University Health Systems has been assisting students and/or relatives with Health Care that they could not otherwise afford as well as provide required College medical requirements as necessary. La Familia Cortez works with our campus by holding job fairs for our students and several of our students work/have worked for them over the years

### Enrollment

This is our third year as Cooper Academy at Navarro. Compared to last year, enrollment has increased, nationalities are more or less consistent, eco

disadvantaged still high – increasing by 1.5%, , Special Education population has remained steady, At-Risk dropped 5% but is still high. 504, Homeless and LEP are consistent.

#### Previous Years' and Current Enrollment

2017 – 332 Students

2018 – 315 Students

2019- 384 students

Enrollment has increased due to the multiple variety of industry certifications available through the Cooper Academy at Navarro and Phoenix programs.

#### **Demographics Strengths**

The support systems that we have in place for the mobile students is daily phone calls home, daily flexible hours for adult students, twilight school Tuesday through Thursday 4 – 8 pm. There are Saturday schools offered throughout the school year. There is an attendance committee, a Leaver Committee, an on-site Learning Center (Day Care), A Home – Community Liaison and staff that does home visits year round, a Social Worker, One to One tutoring, and PENS messaging along with VIA transportation passes.

### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1:** Recruiting highly qualified part time teachers for satellite campuses. **Root Cause:** Finding retired teachers that are willing to commit to a set schedule of tutoring

**Problem Statement 2:** Mobility rate and attendance rate affects enrollment and progress. **Root Cause:** Students that do attend Cooper Academy at Navarro already come to us with attendance issues and high mobility rates

**Problem Statement 3:** Students have low attendance and graduation rates. **Root Cause:** Cooper Academy has students attending from within all SAISD attendance zones. Greater than 90% of Cooper Academy students are considered economically disadvantaged. Many over-aged students do not have adequate transportation and are unable to attend school on a regular basis. .

**Problem Statement 4:** Students at Cooper Academy have low attendance rates, which negatively impacts their academic progress. **Root Cause:** Greater than 90% of Cooper Academy students are considered economically disadvantaged and do not have adequate access to health care.

**Problem Statement 5:** Mobility rate and attendance rate affects enrollment and progress. **Root Cause:** Students that do attend Cooper Academy at Navarro already to come to us with attendance issues and high mobility rates.

**Problem Statement 6:** There is a need to increase the number of English Learners who are attaining "Meets" on the STAAR/EOC state assessment. Currently, 30% of students in Bilingual Education and 11% of students in ESL have achieved "Meets" on the STAAR/EOC assessments. **Root Cause:** Teachers of English Learners need to linguistically accommodate instruction by implementing high yield instructional strategies that engage students in listening, speaking, reading and writing.

**Problem Statement 6:** Over the last three years, over 60% of ESL(3-8) students did not meet the standard in all content areas. **Root Cause:** There is inconsistent differentiation in Tier 1 core instruction and intervention.

**Problem Statement 6:** Recruiting students to attend Phoenix middle college **Root Cause:** Lack of promotional materials and promotional items

**Problem Statement 7:** There is a need to recruit, develop, and retain high quality and experienced staff which includes teachers and administrators. **Root Cause:** A systematic approach to providing professional pathways for teachers and administrators does not currently exist.

**Problem Statement 7:** Many Cooper Academy students lack proper access to medical/mental health care **Root Cause:** Social economic status of Cooper

Academy students

**Problem Statement 8:** Improving College and Career Readiness skills for Cooper Academy at Navarro students **Root Cause:** Students struggling at Cooper Academy at Navarro, due to gaps in educational experiences.

**Problem Statement 9:** The current parent/family participation rate is less than 15% in activities that support learning/academic performance. **Root Cause:** Parent and family members do not feel confident to assist their child(ren) because parents/family members lack the resources.

**Problem Statement 10:** Cooper Academy does not have enough community partnerships and incentives for the student to encourage student engagement. **Root Cause:** The majority of students at Cooper Academy at Navarro are economically disadvantaged and many are homeless.

**Problem Statement 11:** Students at Cooper Academy that have been victims of sex crimes, (sexual assault, date crimes, human trafficking) have an increased drop out rate. **Root Cause:** Cooper Academy at Navarro is located in a low socioeconomic high crime rate urban area in close proximity to major Interstate highways.

**Problem Statement 12:** Some students at Cooper Academy have been victims of bullying. **Root Cause:** Bullying in all of its forms (Cyber, Social media, and bullying) is a nationwide epidemic facing students of all socioeconomic backgrounds.

**Problem Statement 13:** Need to improve our partnerships with community groups and businesses. **Root Cause:** Cooper Academy is an Alternative high school that does not have the same recognition as other high schools in SAISD. We need to work harder to get our name out into the community to spur partnerships.

**Problem Statement 14:** Professional development for instructional strategies for core teachers who conduct EOC remediation, focusing on differentiated instruction **Root Cause:** Students' performance on EOC exams.

**Problem Statement 15:** Recruiting highly qualified part time teachers for satellite Campuses. **Root Cause:** Finding retired teachers that are willing to commit to a set schedule of tutoring.

**Problem Statement 16:** Recruiting students to attend Phoenix Middle college **Root Cause:** Transportation of students from home school to Phoenix Middle College deters many students

**Problem Statement 17:** Cooper Academy students (Phoenix Middle College) do not complete 100% of the college courses for which they enroll. Less than 50% of students attending the Phoenix Middle College program receive a level 1 or level 2 industry certification. **Root Cause:** The Phoenix Middle College students struggle with the transition between their high school program and college program.

**Problem Statement 18:** High percentage of at-risk students that are highly mobile, which results in high absenteeism and poor performance on state mandated assessments. **Root Cause:** Teachers assigned to satellite campuses do not have land line telephones and unable to contact parents and students.

**Problem Statement 19:** Biology EOC pass rates fall below 80% **Root Cause:** Historical low performance of students, absences, transitory patterns of

student population

**Problem Statement 20:** US History EOC pass rates fall below 80% **Root Cause:** Historical low performance of students, absences, transitory patterns of student population

**Problem Statement 21:** English I passing rates fall below 30% **Root Cause:** Historical low performance of students, absences, transitory patterns of student population

**Problem Statement 22:** Algebra I passing rates fall below 45% **Root Cause:** Historical low performance of students, absences, transitory patterns of student population

Informed leadership – teachers have access to resources

Professional development helps teachers share strategies and collaborate on effective teaching strategies

Accelerated instruction allows students to work at an individual pace. Students are able to track progress through individual assignment calendars and progress bars set by target dates. Students are assigned classes by counselors and teachers follow the learning lab form when enrolling students into courses offered through the Edgenuity online program. Students are required to earn an overall grade of 80% in order to receive credit for an attainment course. Students are required to earn an overall grade of 70% in order to receive credit for a credit recovery course.

Individual student needs are identified through transcript grades, counselor assessments, past STAAR/EOC content scores, overall Edgenuity assignment and quiz grades, MAP scores, TSI scores, Eduphoria created assignments/assessments

Students are supported academically through one-to-one interactions with teachers, special education support staff, counselors, parenting team, parent-family liaison, social worker, and senior college advisor. Academic support and tutoring are available through scheduled remediation as well as individual conferencing with student.

Students are at higher risk of dropping out of school without academic, motivational and social & emotional support,. Student's lack of parental support, poor attendance, lack of motivation, inefficiencies in academic skills and lack of previous experience with being successful in the school setting. PBIS team will model and reward positive behavior, through demonstrations, field trips and in class presentations.

### **Student Academic Achievement Strengths**

Comparing the EOC Scores for English I and II, Algebra and Biology, significant increases have been achieved from the 2017-18 school year to the December of 2018 EOC scores and Spring of 2019 school year.

English increased from 22% in 2017-2018 to 30% during the 2018-2019 school year. Algebra increased from 47% in the 2017-2018 school year to 52% during the 2018-2019 school year. Biology went from 24% in 2017-2018 to 53% during the 2018-2019 school year. US History went from 50% during the 2017-2018 school year to 75% during the 2018-2019 school year. The amount of meets and masters also dramatically improved during the school year.

These gains can be linked back to the targeted EOC remediation sessions, the one on one before/afterschool and Saturday tutoring sessions. Teachers

actively planned together during common planning periods and PLCs. Students being counseled by the college advisor, PBIS team, the CNA program and the attendance strategies implemented by the campus staff. The college and career readiness fieldtrips to local colleges, universities, businesses and to the Newcomb's Ranch (team building, motivational exercises), had a positive impact on student academic achievement.

### **Problem Statements Identifying Student Academic Achievement Needs**

**Problem Statement 1:** Algebra I passing rates fall below 45% **Root Cause:** Historical low performance of students, absences, transitory patterns of student population

# School Processes & Programs

## School Processes & Programs Summary

Bi-weekly teacher created assessments are conducted to measure student achievement. These assessments are created by using the online system, “Eduphoria,” an online platform used by teachers to access curriculum documents in order to monitor student progress. The assessment questions created through Eduphoria come from the TEKS Resources Data Base, and previously released EOC STAAR assessments. Student assessments are being used effectively. The assessment data reflects areas in which a student struggles, teachers can pinpoint the areas that need remediation, and guide students through additional lessons on Edgenuity or through small group remediation sessions.

The use of online platforms, like Eduphoria and Edgenuity drives student achievement, allows teachers, staff, grade levels, departments, campuses, the district, and students to track progress for students. Through Edgenuity these entities track progress by accessing “Progress Reports” 24 hours a day, 7 days weeks. The progress report provides the course grade, and indicates if the student is on track to complete the course on time.

Teachers use backwards planning and the gradual release model to ensure students are successful on their STAAR EOC exams. These strategies are supported by scientifically based research such as COLOSIO, backwards planning, and the Gradual Release Model are aligned with this improvement plan.

The campus leadership team attended a summer leadership professional development to discuss 5 year goals. The superintendent discussed his goals for the district, and as campus high school teams, we worked throughout the day to create goals that were aligned to the district goals. The district goals were stated in a five-year plan.

The District 2015-2020 5 year goals are:

- (1) Increase the percent of campuses rated high performing (B or higher) under State accountability standards. 5-Year Goal: A-B
- (3) Increase the passing rate of prior year failures. 5 Year Goal: 60%
- (4) Increase the percent of HS students who complete an AP/IB/Dual Credit or CTE coherent sequence of courses. 5-Year Goal: 90%
- (5) Increase on-time 4-year graduation rates and decrease dropout rates. 5-Year Goal: 90%, less than 10%.
- (6) Increase performance at the highest level on State assessments (Advanced Level III)  
5-Year Goal 30%
- (7) Increase AP/IB participation and performance. 5-Year Goal: 30%, 59%
- (7) EOC Performance. 5-Year Goal: 100% (This is broken into three categories.)

(8) Increase SAT/ACT college ready performance. 5-Year Goal: 43%

(9) Increase the percent of graduates who complete their first year of college without remediation. 5-Year Goal: 74%

(10) Increase the percent of graduates attending College, 4-year, and Tier One Universities. 5-Year Goal: 80%, 50%, 10%

At Cooper Academy the following goals were approved for the 2018-2019 school year.

- Increase EOC performance from prior year failures by 15%.
- Increase 4, 5, and 6-year graduation rate by 15%.
- Decrease dropout rate by 10%.
- Increase the campus attendance rate by 10%.
- Increase college readiness
- Increase student college ready performance in Math and ELA (TSI) by 20%.
- 100% of seniors will complete FAFSA, Apply Texas and TSI.
- Increase the number of students graduating with a recommended or foundation diploma by 20%.
- Offer four certification courses per semester through a partnership Good Careers Academy

Data sources used to monitor progress will be EOC scores, FAFSA applications, TSI tests taken, MAP testing, attendance records, 4,5, and 6-year graduation rates, monitoring number of graduates who graduate with a recommended or foundations diploma, PSAT scores, SAT scores, and IBEST participation and certification rates.

Formal leadership is structured in a traditional manner. Cooper has one principal, who is in charge of all school operations, curriculum, staff and students. Cooper has one full time counselor and a Campus Testing Coordinator. Fourteen full time teachers are responsible for instruction on all campuses, and Cooper also has seven-part time tutors to support the main campus and its four satellite campuses. Of the fourteen full time teachers, four act as the department chairs for each core area (mathematics, science, social studies, and English). The counselor and two full time teachers also have an administrator's certification.

Cooper has a CLT. The team is comprised of faculty, administration and others who make decision of a formal nature for the campus as a whole. The CLT creates the campus needs assessment, followed by the campus improvement plan. These documents reflect the needs of the campus which will ensure that our students will be successful in their educational progress.

The students at Cooper Academy are between the ages of 15 to 25. Many have children, jobs, and adult responsibilities. To help these students have more possibilities to attend school, Cooper Academy at Navarro also offers several days that the school is open later than the traditional day. Tuesday through Thursday, Cooper has a Twilight Program from 4:00-8:00 p.m. Each of these days one teacher stays late. Cooper also offers Saturday school to give students an opportunity to work on credits, make-up hours for denied credits or attend tutoring outside traditional school hours.

Instruction and learning are supported by providing staff with updated technology (i.e. computers, printers, software and Edgenuity on-line instruction and

instructional support). The updated hardware and software enhances classroom instruction, enhances training and communication between campus staff, community members, students and parents. New technology will help support all content areas to improve critical areas and at-risk populations determined by the state.

Cooper Academy staff members will attend in-state and out of state professional development sessions and conferences that provide training on research based instructional strategies designed to improve instructional practices within classrooms containing high percentage of At-Risk students; with the main objective to increase student achievement in English Language Arts and Reading, Mathematics, Science and Social Studies.

Cooper Academy at Navarro is a 100% computer based curriculum. All students have access to computers as well as online access to digital learning curriculum. Technology is available to all students so that they may interact with and obtain their credits from the Edgenuity program implemented by the district.

Teachers use technology to maintain an electronic link to students working on computer based assignments, helping support student learning by providing a means to monitor and motivate students to stay on task and complete course-work in a timely manner. Online support is offered to students through extended school hours. SAISD Technology Department will provide staff to support campus.

Teachers attend district technology training sessions and conferences that offer opportunities for all Microsoft office applications, IDataPortal, and the web. Cooper Academy at Navarro also has in-house tech training sessions provided by District Edgenuity personnel.

Perpetual technological plans for the campus are to consistently maintain and/or upgrade technological equipment for the entire campus so that students have 100% access to the digital curriculum.

### **School Processes & Programs Strengths**

District curriculum is rigorous and relevant.

Teachers implement the curriculum with fidelity as detailed reports are generated showing all lessons completed and overall scores listed.

Teachers use research based interventions to prepare students to be successful on their STAAR EOC exams.

Teachers use the students' testing data history to pinpoint TEKS that the students are deficient in order to complete targeted interventions.

Teachers collaborate regularly to create individual prescriptive interventions.

### **Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1:** Low passing rates on EOC exams. **Root Cause:** Students who attend Cooper Academy have academic deficits in the core subjects

**Problem Statement 2:** Need to improve our partnerships with community groups and businesses. **Root Cause:** The majority of students at Cooper Academy at Navarro are economically disadvantaged and many are homeless.

# Perceptions

## Perceptions Summary

Parents are encouraged to monitor their child's progress on Edgenuity. Teachers encourage communications via email, phone calls or parent conferences. We want the families to feel comfortable communications with the staff. We communicate by PENS (phone calls) school web page, mobile app, letters, newspaper articles, newsletters.

The community is also invited to different training sessions or activities throughout the school year. Volunteering is always encouraged. The community also participates by giving the school incentives. The incentives are used for different activities that the students participate in. We have two parent meetings a month. We have information for college, library information, health and different types of topics for our families. Career Week invites different professional people come in for the students.

Cooper Academy is a non-traditional high school in the San Antonio Independent School District located in the vicinity of downtown San Antonio. The school serves students district-wide which encompasses all of the high schools in SAISD.

Due to being a high school in the downtown area we are in close proximity to local, state and federal corrections institutions. The ages of students who attend Cooper Academy range from 15 to 25. Presently, we have no knowledge of a student, sibling, or parent at these facilities. Due to the Family Educational Rights and Privacy Act (FERPA) if the school was aware of a student, sibling or parent incarcerated we would be in violation of FERPA to disclose the information.

Cooper Academy is very fortunate to have educational partnerships with Alamo Community College District (ACCD). ACCD is an education network of community colleges in San Antonio. The two-year college institutions: San Antonio College, St. Philip's College, Palo Alto College, Northwest Vista and Northeast Lakeview in Universal City, a suburb of San Antonio. The school partnerships and interactions include academic scholarships, vocational and technical assistance, certificates and licensees in occupational programs to prepare our students for jobs. The ACCD community also serves as the stepping stone to pursue further education endeavors in 4-year degree programs for our students.

Cooper Academy at Navarro has a satellite campus of high school students who attend Phoenix Middle College located at the St. Philip's Southwest campus site that prepares our students with occupational certificates and licensees as well as college credits.

Cooper Academy at Navarro has a mentorship program with the University of Texas at San Antonio (UTSA - Downtown Campus) with the Graduate School of Education. Graduate students majoring in the School Psychology Program mentor, conduct group sessions, individual counseling and mentoring with our students.

Cooper Academy conducts yearly field trips for our students to colleges and universities in the city, such as Our Lady of the Lake University (OLLU), Texas A&M Universities as well as the colleges in the Alamo Community College District (ACCD).

Parents and community members are invited to participate. We always encourage input from our parents and community members.

Attend district and English Language Arts (ELA) department training to develop strategies to increase student performance in reading and writing. Utilize quality vocabulary instruction and Scholastic Action magazines to promote students to use word they use/see daily. ELA and Reading teachers attend professional development conferences Advancing in Education and Model Schools conference. Implement EOC Testing guides for English, Social Studies and Algebra I, to increase student performance on the End of Course exams.
1	1	4	Library books and textbooks will be purchased with funds in order for students to utilize library resources to improve reading and writing comprehension. Increase student access to library books and resources for tutoring and research in addition to on-line activities. Utilize library books to enhance reading lessons, including use of texts as models of writing.
1	1	5	Implement multi-sensory writing strategies. Review scored writing samples from past test administrations to determine which research-based intervention strategies will increase student performance. Students will recognize different types of compositions, including narrative, expository, and persuasive.

Goal	Objective	Strategy	Description
1	1	6	Students will be engaged in higher order skills through the implementation of hands-on activities, exposure to multi-cultural events, modified laboratory activities and integration of technology. Utilize library resources for research and individual reading needs.
1	1	7	Implement effective strategies for ELL and migrant students to improve language acquisition, increase TELPAS, STAAR, EOC performance rate. Through professional development, Implementing SIOP strategies, Seven Steps to an language Rich Classroom, and Total Participation Techniques.
1	1	8	All ELAR teachers will be ESL certified by the end of the school year.
1	2	1	Participate in Math professional learning opportunities at the campus, district, state, and national level to improve student performance. Implement Edgenuity and Pearson Math activities for the purpose of raising academic achievement as measured by mastery tests and STAAR EOC results. Attend district and Math department training sessions to develop strategies to increase student performance in math. Math teachers attend professional development conferences Advancing in Education and Model Schools conference.
1	2	2	Students will be engaged in higher order skills through the implementation of hands-on activities, modified laboratory activities, and integration of technology. Increase technology integration by daily use with graphing calculator. Purchase necessary supplies and materials to include STAAR-EOC study guides and graphing calculators to support learning through the use of manipulatives and models to provide an enriched learning experience for student success. Student receives district printed STAAR-EOC study guides to review and practice problem solving skills.
1	3	1	Participate in Science professional development at the district, state and national level to improve pedagogy. Principal, teachers and counselors will attend professional development conferences to include the Texas Association for Alternative Education (TAAE) conference.
1	3	2	Provide resources and materials for the science classroom. Purchase science materials for classroom labs and remediation activities. Remediation resources will include STAAR/EOC remediation curriculum materials.
1	4	1	Utilize district Social Studies website for technology resources, wikis, blogs, online resources (including DBQ On-Line Library: Mini Qs in US History Vol.2), web quests and additional technology based instruction. Daily model and practice the following to increase social studies comprehension: interpret maps, political cartoons, reading graphs.
1	5	1	Improve academic instruction in all areas by: * Optional Flexible School Day * STAAR/EOC tutoring * Credit attainment opportunities * Individualized test tracking folders * Printed study guides * Saturday school
1	5	2	Create an EOC action plan to determine specific interventions by content, grade level and objective. Tutor non-mastery students during and after school. Utilize individualized Test tracking folders to monitor progress and determine areas of intervention by objective. Provide staff development and program review activities for the development of student interventions.
1	5	3	Provide individual STAAR-EOC Math district printed study guides for STAAR-EOC Math re-testers.

Goal	Objective	Strategy	Description
1	5	4	Build student reading capacity using rich textual reading materials. Title 1 Funds for books will be used. Utilize the on-line curriculum Edgenuity (E2020) to introduce literacy awareness and critical thinking skills. Utilize quality vocabulary instruction to promote students to use the words they learn daily and remember them over time.
1	5	5	Work with students to set short-term intermediate goals to monitor progress toward larger goals through manageable steps. Provide direct instruction as needed in order to improve reading skills and strategies. Reading/ELA tutors will provide core content assistance to students during Saturday tutoring session, regular, after and extended school hours.Saturday school and after school tutoring.
1	5	6	Tutor non-mastery students for summer school (extended year program). Hire part-time core content area tutors during the summer to increase STAAR/EOC scores and graduation rates. Thus, reducing the drop-out rate for the campus and district.
1	5	7	Work with students to set short-term intermediate goals to monitor progress toward larger goals through manageable steps. Provide direct instruction as needed in order to improve math skills and strategies.
1	5	8	Through increased rigor, relevance, relationships, and reflection, the number of students meeting expectations on STAAR-EOC and graduation requirements will increase. Provide instructional intervention activities to include tutoring during and after school and Saturday school interventions and tutoring. Students will use online lessons through the Edgenuity program to gain awareness and comprehension of physical fitness.
1	5	10	Provide the online accessibility, and visual tools and all forms of technology to prepare students with 21st century skills. Upgrade technology in all classrooms by purchasing up-to-date equipment to prepare students with 21st century skills. This purchase will assist in the delivery of differentiated instruction and connect with a broader grouping of students. In addition, teachers will have greater mobility in the classroom, therefore increasing their ability to assist students with Edgenuity Learning. Laptops/Netbooks/Desktops/Monitors - iPads - Netbook cart - Digital recording devices - Interactive boards - Printers - Audio headsets for computer use - Accessories for interactive boards (nibs, pens, wands, bulbs, etc...) In order to utilize the education Edgenuity program that has been implemented in our district for the benefit of our students, more technology equipment is needed. This program will allow our students to recover their credits and prepare for their state assessments.
1	5	11	Full time faculty and part-time staff support academic programs, including STAAR-EOC tutoring sessions, satellite campuses, academic/credit attainment through the fall and spring semesters, as well as an extended year session (June-July). Campus counselor will organize Saturday school opportunities for students. Counselors will also coordinate, with campus Family and Community Engagement Specialist parent information and program awareness sessions with parents.

Goal	Objective	Strategy	Description
1	5	12	Students receive one-to-one instruction in order to facilitate learning of objectives while completing course credits required for graduation. Our part time clerk assists teachers, office staff and counselor with facilitating student activities and programs. Provide substitute teachers for our teachers when they are absent. Provide a seamless transition between full time staff and substitutes preventing a gap between instruction and student learning.
1	5	13	Students will sign in and out with tutors and receive remediation of TEKS.
1	5	14	Tutor non-mastery students for summer school (extended year program). Hire part-time core content area tutors during the summer to increase STAAR/EOC scores and graduation rates. Thus, reducing the drop-out rate for the campus and district.
1	5	15	Through increased rigor, relevance, relationships, and reflection, the number of students meeting expectations on STAAR-EOC and graduation requirements will increase. Provide instructional intervention activities to include tutoring during and after school and Saturday school interventions and tutoring. To provide teaching and learning materials for daily instruction. Materials will include but not be limited to paper, pencils, construction paper, markers, highlighters, ink and toner.
1	5	16	Improve student success by closing achievement gap and increase state assessment performance, STAAR EOC performance. Students will sign in and out with tutors and receive remediation of TEKS.
1	5	17	Improve student success by closing achievement gap and increase state assessment performance, STAAR EOC performance.
1	5	18	Core content tutors will provide assistance to students during Saturday tutoring session, school day, after-school and extended school hours, and extended year (summer school) session. Provide nutritional snacks to promote participation in Saturday school activities.
1	5	19	Create and print individualized folders to monitor progress and determine areas of intervention by objective. Use of copy paper as student practice realistic testing strategies, answering questions and receiving feedback regarding readiness for state assessments.
1	5	20	Teachers and tutors utilize district EOC review guides; Jarrett books, review materials. Teachers and tutors will review for STAAR with students through one-to-one or small group sessions with students.
1	5	21	Provide assessment opportunities to increase higher education admissions. Provide instructional readiness for students based on individual student evaluations to better prepare students for the STAAR/EOC and AP assessments required for graduation. Provide data for administrators to ensure students are placed in appropriate courses based on their performance on the college readiness assessments, including remediation and acceleration options.
1	5	22	Provide instructional readiness for students based on individual student evaluations to better prepare students for the STAAR/EOC assessments required for graduation and ensure improved on-time graduation rates.
1	5	23	: Provide instructional readiness for students based on individual student evaluations to better prepare students for the STAAR/EOC assessments required for graduation and ensure improved on-time graduation rates.

Goal	Objective	Strategy	Description
1	6	1	Increase relevance of content to career, technology, and college preparedness through writing prompts and essays. Students will compare and contrast colleges, researching admissions criteria, course/degree descriptions, and career outlooks. Students will practice college essay writing skills to prepare for application process and to improve voice in personal essays. Phoenix Middle College students will utilize a daily planner to schedule college and high school academic activities.
1	6	2	Provide instructional and intervention strategies in preparation for college readiness and state assessments. Increase vocabulary through meaningful texts, student-created word walls, use of dictionaries and personal lists. Cooper will utilize disaggregate data, support staff, and other support personnel in order to achieve student success.
1	6	3	Counselors will review individual academic student plans, develop graduation plans, schedule student courses, inform parents and students of graduation needs. Supplies will include general office supplies (pens, paper, folders) pamphlets, graduation programs, diplomas and career posters to address topics such as study skills, college preparation steps, and successful academic strategies. Provide graduation plans for teachers who will conduct classroom sessions regarding academic requirements, study and test taking skills. Counselors will review all Academic Achievement Record (AAR) to ensure proper course placements, grade levels, snapshot group's reliability, develop individual graduation plans. Utilize student academic planners to help students plan college and high school daily activities.
1	7	1	Students will be engaged in higher order skills through the implementation of hands-on activities, modified laboratory activities, and integration of technology.
1	7	2	Create individualized student notebooks/folders for students to monitor progress and determine areas of intervention by objective/category. To improve organization of student work folders, each department will purchase hanging folders for student work, binders for student testing materials, novel projects and other direct instructional materials.
1	7	3	Support all content areas to improve critical areas and at-risk populations determined by state, district and campus data.
