Message from Principal Robert Loveland

Dear Cooper Academy & Phoenix MC Families:

We know from last year that school environments are among the safest places for your child to be during this pandemic. We are continuing to follow stringent prevention strategies, including the recommendation to wear masks, providing regular COVID-19 testing, and ensuring access to the COVID-19 vaccine for those who are eligible.

As you recall, last year we were successfully able to return our students to in-person attendance with a less than 1% positivity rate within our schools.

We recognize that some students may have medical conditions which prevent them from attending school based on the advice of their doctor. Parents may request in-home learning services for their student by accessing this application link. The timeframe for review and processing of applications may be 1-2 weeks. Parents who have submitted an application should not be concerned about their child missing school. If an application is on file, know that we will work diligently to give you a response as quickly as possible and, in the meantime, there will be no disciplinary consequences for students not attending while the in-home instruction application is under review.

In the next few weeks, we will be hosting another opportunity for families to access free school supplies and resources. More information will be shared as details are confirmed. Families soon may begin pre-registering for this second event so that they know the time frame to arrive, easing the distribution of supplies and allowing for crowd control.

For students who need a personal device, please let us know – our campus can assist you with that. And, for students with questions about their device, our Help Desk has extended hours.

For all other support, please reach out to our Constituent Services team: • For questions on back-to-school essentials, call (210) 554-2210

- For uniform assistance, call (210) 554-2635
- For information about after school care, call (210) 554-2605
- For a list of immunization events, call (210) 207-8750.
- For information about school meals, call (210) 554-2290.
- For information about transportation, call (210) 354-9320.

Thank you, and welcome back!

Sincerely,

Robert Loveland, Principal
