Our Mission

At Estrada Achievement Center, a school that provides a disciplinary alternative education program (DAEP), we believe in restorative discipline as a means of teaching lifelong learning skills to students. Estrada's mission is to instill in students a positive attitude toward school that exemplifies

honor, dignity and respect for self and others. Our service-learning class and counseling sessions provide students the opportunity to practice positive social/behavioral skills to ensure success in the classroom and their daily lives. These programs help students explore expanded career opportunities, develop self-esteem and teach social skills in an environment of healthy competition. The motto of the Estrada Program is "Be the Shepherd." Estrada students are expected to serve as role models, mentors and leaders for others.
