

### 3 Supporting Idea Organizer

With this type of organizer, students become aware of the relationship between a whole and its parts. Symbols, pictures, or quotes may also be added.

**Instructions:**

Starting on the left, have students begin with a large concept, idea, or event. Moving to the right, they will break the large concept, idea, or event into its related parts.

The following questions help guide students' understanding of this type of organizer.

Questions:

- What are the major parts of this topic?
- What are the sub-parts of each major part?
- What are these things a part of?
