¹ On Mondays and Fridays students work on their own and request a ZOOM via email only as needed. Teachers attend District ZOOM Professional Development, plan lessons, provide requested ZOOM lessons to students, etc.

² Tuesdays and Wednesdays: Teachers ZOOM in with students based on Bell Schedule times listed below to check in and take attendance. The lesson DOES NOT HAVE TO BE THE FULL PERIOD—perhaps a 20-minute session or more, etc., and that's it. If more time is needed, continue at the end of the day, but tell students. Teachers will record their ZOOM sessions so that students can view them later.
