CAST Med will work with our families and community to prevent and to mitigate the spread of COVID-19 inside our school. In addition to following all SAISD guidelines and protocols, which are aligned to guidelines and mandates established by Metro Health, TEA and the CDC, CAST Med will implement the following protocols and procedures. The plan is subject to change based on state and local orders and decisions and will be revised accordingly as those orders and decisions may change. The following protocols are for students who will engage in face-to-face learning. For details regarding remote learning and district protocols, please see the district continuity plan on the district [website](#).

Health and Safety Guidance

Pre-Screening – Before leaving home each day, students and staff will be required to self-screen for COVID-19 symptoms. The Centers for Disease Control and Prevention (CDC) guidelines tell us that initial monitoring of symptoms begins at home. Individuals who are feeling ill, including symptoms like fever, cough, shortness of breath, sore throat, abdominal pain, fatigue, muscle aches, or headache (i.e., the most updated CDC list of pre-screening symptoms) must stay at home and consult with a medical professional regarding school participation.

TEA Guidance is as follows for students:

“Parents must ensure they do not send a child to school on campus if the child has COVID-19 symptoms (as listed in this document) or is lab-confirmed with COVID-19....[or] if their child has had close contact with an individual who is lab-confirmed with COVID-19 until the 14-day incubation period has passed.”

Handwashing/Sanitizing – Students and staff are required to use hand sanitizer when entering a school bus, building, classroom, and/or office. Sanitizing will also be incorporated in the daily schedule. We will have hand sanitizer at each entrance and require students, teachers, and staff to use it whenever they enter the building. Students will be instructed in good handwashing techniques and given the opportunity to wash their hands.

Physical Distancing – Staff and students will maintain six feet of physical distance in indoor and outdoor settings when feasible.

- Classrooms will be arranged to allow for increased space between seating areas, as feasible.
- At all grade levels, at this time, students will not be brought together in assemblies, field trips, or other group gatherings outside of their class group.
- The Nurse will monitor health clinic traffic and may designate alternate areas to maintain physical distancing in the clinic for visits to the nurse.

Masks – TEA mandates that schools are expected to comply with the Governor’s Executive Order for wearing masks or face shields. Persons aged 10 and older must “... wear a face covering over the nose and mouth when inside a commercial entity or other building or space open to the public, or when in an outdoor public space, wherever it is not feasible to maintain six feet...” of physical

distancing between people. Exceptions are included in the Executive Order. Students, staff, and visitors to campus for necessary business will wear masks or face shields. All students will wear masks or face shields when riding the bus and upon arrival to and dismissal from campus given the inability to maintain physical distance during these times.

Masks should be rotated and thoroughly cleaned daily. Sharing of masks with anyone is extremely risky and should not occur.

Campuses and Classrooms

Visitors, Drop-off, and Pick-Up – We ask that parents/guardians remain outside of the building during drop-off and pick-up. For safety, we will restrict visits to campuses to only those essential to school operations. Campus visits may also be scheduled via an appointment. Any visitor must follow the same protocols outlined here for staff/students. The number of visitors in the school will be limited to ensure that students are safe; therefore, alternative meeting options may be scheduled, including virtual meetings, when appropriate. Parents and guardians play a crucial role in facilitating our campus environment. Traditional campus events such as Open House, Parent Nights, etc., will use other means to keep parents and families up-to-date and engaged in their child’s learning, including using live online platforms.

Classroom Configurations – To the extent possible, student learning spaces will be arranged to provide spacing between students. In some instances, plexiglass dividers will be provided, and common areas may be used for instruction with similar distancing practices.

Restrooms and Water Fountains – Students’ physical needs are extremely important. Physical distancing and hand washing will remain the priorities during restroom breaks. To minimize the risk of spreading the virus, students and staff will not be allowed to drink directly from water fountains. Instead, students and staff should bring water bottles to school that can be refilled.

Materials and Supplies – We will limit the sharing of materials and devices. Students will be expected to use their own materials and supplies. In instances where technology, books, calculators, etc., are used with multiple students, proper sanitation protocols will be followed.

Backpacks and Other Personal Items – Only essential items should be brought to school to discourage sharing and touching items from home. All supplies will be kept in the student clear backpack at the student desk.

Additional Instructors in Classrooms – In certain instances, additional staff members may be assigned to classrooms to instruct specific students. These individuals will sanitize prior to entering and exiting the classroom, and masks will be required as they interact with students using physical distancing.

Class Transitions for Secondary Campuses – All students/staff will always be instructed to walk and stay to the right and staggered class dismissals may be used to reduce congestion in hallways. Six feet physical distancing in halls and public spaces, etc. is required as instructed.

COVID 19 Guidelines/Clarifications:

Close Contact- TEA Guidelines state that close contact is determined by an appropriate public health agency. For clarify, close contact is defined as:

(a) being directly exposed to infectious secretions (e.g., being coughed); or

(b) being within 6 feet for a cumulative duration of 15 minutes, however, additional factors like case/contact masking (i.e., both the infectious individual and the potential close contact have been consistently and properly masked), ventilation, presence of dividers, and case symptomatology may affect this determination.

Either (a) or (b) defines close contact if it occurred during the infectious period of the case, defined as two days prior to symptom onset to 10 days after symptom onset. In the case of asymptomatic individuals who are lab-confirmed with COVID-19, the infectious period is defined as two days prior to the confirming lab test and continuing for 10 days following the confirming lab test.

Staff or Student Awaiting Test Results- If an individual might have COVID-19 and is awaiting the results of a lab test, that individual must stay home until the test results come back negative. If the test results come back positive, the individual must report the results to the school nurse.

Positive Screening – Staff and students must report to the school system if they themselves have COVID-19 symptoms or are lab confirmed with COVID-19, and, if so, they must remain off campus until they meet the criteria for re-entry as noted by a district representative. Parents/guardians should make plans with the school regarding instruction until the conditions for re-entry are met by the student. Parents must also keep their students home if their child has had close contact with an individual who is lab-confirmed with COVID-19 until the 14-day incubation period has passed. In both cases, parents must report the case to the school.

Communication – Families should communicate with the school nurse for COVID 19 concerns. Staff should communicate with the school nurse/principal. It is critical to communicate COVID 19 concerns to minimize the spread of possible infections.

Separation of Individuals Exhibiting COVID-like symptoms – Schools will “...immediately separate any student who shows COVID-19 symptoms while at school until the student can be picked up by a parent or guardian” (TEA requirement). A separate room or area is designated to separate any student who exhibits COVID-like symptoms until that student can leave campus. Any staff member who begins to experience COVID-like symptoms while on campus will follow a similar protocol.

COVID-19 Symptoms

In evaluating whether an individual has symptoms consistent with COVID-19, consider the following questions (and consult the most recent CDC list of questions posted online):

Has the individual recently begun experiencing any of the following in a way that is not normal for them?

- Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
- Loss of taste or smell
- Cough
- Difficulty Breathing
- Shortness of breath
- Headache
- Chills
- Sore throat
- Shaking or exaggerated shivering
- Significant muscle pain
- Diarrhea

All students and staff:

Masks

All school staff and personnel will be required to wear a mask while in the school building or on the grounds during arrival, dismissal, public areas, cafeteria, etc. when other people are present. Staff may remove their mask if they are alone in their classroom or office or while eating/drinking.

All students will always be required to wear a mask while in the school building or on school grounds including at arrival and dismissal. They may remove their mask while eating in the cafeteria/classroom.

All visitors to the school will be required to wear a mask while in the school building or on school grounds including arrival and dismissal.

- If visitors have a temperature, they will be asked to leave the building immediately and the front entryway will be sanitized by custodial staff.

All visitors must wear a mask, or they will not be allowed to enter the building.

In most cases, visitors will remain in the secured lobby for assistance.

Registration

Students who need to register for school are highly encouraged to do so online using SAISD's SchoolMint, however, if parents/guardians need assistance with registration the following will be utilized to ensure student, staff, and community safety.

- Visitors will follow the expectations explained in the "School Visitation" section of this document.

If you show up to register without an appointment, due to safety, families registering may be asked to wait in their cars or outside on the front benches until assistance is available.

Upon entering the building, the parent or guardian will report to the front office and may be issued a sterilized device to register the student. Personnel will be available to answer any questions.

Once completed, the parent/guardian will return the device to the front office, at which time it will be sterilized using the recommended sanitization methods.

Ill/Injured Children and Medications

Any student who develops a fever or becomes ill will be escorted to any isolation room to be evaluated by the school nurse. If student exhibits signs or symptoms of COVID such as fever, cough, shortness of breath, parent will be notified to pick up child for further medical evaluation. We ask that all parents respond promptly to pick up student.

If teachers need additional sanitizing supplies or PPE, they should inform the custodians immediately. For everyone's safety, sanitizing material from the outside, other than the one provided, should not be used. If a student arrives on campus without a mask, a disposable mask will be issued for the safety of others.

CAST MED HIGH SCHOOL CÓDIGO DE VESTIMENTA DEL DISTRITO

Los alumnos en línea deben vestirse apropiadamente para la escuela, pero no se requiere uniforme. Los antecedentes de los estudiantes en el aprendizaje virtual también deberían ser apropiados para la escuela.

Los alumnos cara a cara deben venir a la escuela con cubre boca (máscara). Las máscaras que se usen en la escuela con un diseño deben ser apropiadas para la escuela. Los estudiantes que vienen a la escuela sin una máscara recibirán una máscara desechable. Las máscaras se deberán usar en todo momento excepto al desayunar o almorzar.

Los pantalones del uniforme deben ser de corte recto con bolsillos frontales normales. No se permiten pantalones sueltos o "baggies". No se permiten pantalones cargo (con bolsillos a los lados de las piernas), overoles, acampanados, o de pierna ancha, ya que no son pantalones de uniforme y no están permitidos.

Los shorts, faldas y faldas-pantalón no deben estar más arriba de tres pulgadas de la rodilla. A fin de cumplir con esta disposición, los bolsillos en shorts, faldas o faldas pantalón deben ser bolsillos frontales normales y no se permiten bolsillos estilo "cargo". Igualmente, para ser considerados como shorts y no pantalones, su largo no puede extenderse por debajo de la rodilla.

No pueden estar visibles marcas o logos de los fabricantes. Si son visibles al momento de la compra, deben ser quitados.

No debe haber cordones de ajuste en pantalones (incluso pantalones tipo Capri/recortados), shorts o faldas pantalón.

Toda la ropa debe estar bastillada. No se permiten mangas cortadas o enrolladas. Los puños deben ser a medida e hilvanados/cosidos en las costuras.

Los estudiantes que usen el uniforme y los componentes del uniforme también deben seguir los demás requisitos del código de vestimenta que se indica abajo.

Código de vestimenta

Las faldas, vestidos, jumpers, shorts y faldas-pantalón no deben estar a más de tres pulgadas por encima de la rodilla.

Debe utilizarse calzado apropiado. Está específicamente prohibido el calzado con puntas reforzadas con acero, plástico rígido o materiales similares, del mismo modo que sandalias u otro calzado abierto que no tenga correas para asegurarse.

Los colores o estilos de cabello no convencionales que causen distracción están prohibidos (por ejemplo, Mohicano, de picos o con diseños). Asimismo, si una escuela lo desea, a través del manual escolar y con el consentimiento del Superintendente, puede adoptar restricciones para el largo del cabello.

En los edificios de la escuela no se podrán llevar sombreros. Para los fines del cumplimiento, los sombreros que se usen como atuendo religioso legítimo pueden considerarse una excepción, después de que este tema se haya tratado en una reunión con el director.

Está prohibida la vestimenta insinuante o indecente o que pueda llamar la atención. Específicamente, se prohíbe el uso de camisetas cortas y ajustadas sin mangas, tipo “halter”, tirantes finos, remeras con espalda o vientre descubierto y prendas transparentes si no se lleva otra cubierta o camisa debajo de esa prenda transparente.

Se prohíben los parches, las escrituras o los dibujos indecentes o inapropiados en la ropa o en el cuerpo. La vestimenta que tiene anuncios o leyendas inapropiadas que sean lascivas, ofensivas, vulgares, obscenas, o que induzcan a la violencia (por ejemplo: bebidas alcohólicas, sexo, tabaco, drogas, pandillas, etc.) también está prohibida.

No debe usarse ropa holgada en la escuela. Específicamente están prohibidos los pantalones “bagging” o “sagging”. Todos los pantalones deben estar ajustados en la cintura. Todas las camisas, incluidas aquellas de cualquier tipo de jersey, deben llevarse hacia adentro. Las sudaderas, suéteres, camisas o blusas diseñados para usarse por fuera son las únicas excepciones.

No se permiten atuendos relacionados con pandillas. Esto será designado específicamente en cada escuela. Con el fin de hacer cumplir esta disposición, el atuendo relacionado con pandillas puede identificarse por colores específicos. Los directores trabajaran con la Policía de SAISD para identificar el atuendo relacionado con pandillas. Comunicaran a los estudiantes y a los padres que atuendo está considerado de pandillas en la escuela y en la comunidad para evitar estas violaciones.

Cualquier artículo de ropa que está pintado, pintado con aerógrafo, o mejorado gráficamente no será permitido

Students are prohibited from sending, posting, or possessing electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal, including cyber bullying and "sexting." This prohibition applies to conduct off school property if it results in a substantial disruption to the educational environment. Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child <http://beforeyoutext.com>, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology. Students are also prohibited from using the name or persona of another person to create a web page on or to post one or more messages on a commercial networking site without obtaining the other person's consent AND with the intent to harm, defraud, intimidate, or threaten any person. Any person violating these rules will be disciplined according to the Student Code of Conduct and may, in certain circumstances, be reported to law enforcement.

Disposal of Electronic Devices

Parents/legal guardians will be given notice and will be allowed to retrieve devices collected throughout the school year prior to disposal of the device. If a telecommunication device is not retrieved, the District shall dispose of the device after providing the student’s parent and the paging company whose name and address appear on the device at least 30 days’ notice of the intent to dispose of the device. Such notice may be made by telephone or in writing and must include the serial number of the device.
