

**October 8-9, 2019**

**It is time to renew our Internal Charter**

**St. Philip's College ECHS applied for an Internal Charter during the 2014-15 school year (when we opened) to allow students living outside of the SAISD boundary and to enable parents who moved outside of the SAISD boundary to remain in the ECHS program. Without an internal charter, anyone not residing inside the SAISD boundary would be ineligible to attend the ECHS program.**

**Our five years are up this year, and we are resubmitting the application.**

**Purpose of the Renewal**

- **Continue service as an Early College High School**
- **Continue our partnership with St. Philip's College**
- **Continue enrolling students who reside outside the SAISD Boundary**
- **Continue autonomies we have in place (scheduling, calendaring)**

**New Benefits for renewal of our Charter**

- **We will forming a partnership with Travis ECHS and Fox TECH to offer additional resources for all of our students.**
- **Sustainability of the program**
- **Possible resources that are provided to charter schools**
