Instructional planning is intended to provide teachers with the opportunity to plan, work in collaboration with colleagues, provide small group support to students, and/or make parent contact. If *Zooming*, you can also form small groups (5-10). Absolutely no 1 on 1 time with students virtually. Special Education Monitoring Teachers can form virtual collaborative spaces. All administrators and coaches must receive invitations to Department Meetings: Math PLC: Principal Flores; ELA PLC: Coach Carbajal; Science PLC: Assistant Principal Nolan; Social Studies PLC: Coach Dockery. Wednesday Team: Fine Arts/STEM/Athletics team up with Core Areas and will need to receive an invite to those virtual spaces.
