

VII: STUDENT CODE OF CONDUCT

A – INTRODUCTION

The San Antonio Independent School District has adopted this Student Code of Conduct to promote and maintain a safe learning environment for students and adults. The foundation for an orderly and positive environment is a climate of mutual respect for the rights of all persons. To that end, all members of the learning community – students, parents, and District employees – are expected to treat people with respect and dignity.

The Code of Conduct provides methods and options for managing students in the classroom, on school grounds, and on District transportation, disciplining students, and preventing or intervening in student discipline problems. The law requires the district to define misconduct that may—or must—result in a range of disciplinary consequences, including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative education program (JJAEP), or expulsion from school. Parents will be notified of any conduct violation that may result in a student being suspended, placed in a DAEP or JJAEP, expelled, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

The Code of Conduct is adopted by the district’s board of trustees and has the force of policy. In case of a conflict between the Code of Conduct and the student handbook, the Code of Conduct will prevail. Once the Code of Conduct is promulgated, any subsequent changes or amendments must be approved by the Board of Trustees. During any periods of instruction during the summer months, the Parent-Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to those laws.

SCHOOL DISTRICT AUTHORITY AND JURISDICTION

This Code of Conduct applies to all students in the San Antonio Independent School District whenever the interest of the District is involved, on or off school grounds, in connection with or independent of classes and school-sponsored activities.

The District has disciplinary authority over a student:

1. During the regular school day and while going to and from school on District transportation;
2. During lunch periods, whether on or off school campus;
3. While the student is in attendance at any school-related activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. When retaliation against a school employee, board member, or volunteer occurs or is threatened, regardless of time or location;
6. When a student engages in cyberbullying, as provided in Education Code 37.0832;
7. When criminal mischief is committed on or off school property or at a school-related event;
8. For certain offenses committed within 300 feet of school property as measured from any point on the school’s real property boundary line;
9. For certain offenses committed while on school property or attending a school-sponsored or school-related activity of another district in Texas;
10. When a student commits a felony as provided by Texas Education Code Section 37.006 or 37.0081; and
11. When a student is required to register as a sex offender.

Reporting Crimes

The principal or campus behavior coordinator and other school administrators, as appropriate, shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

The District has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable cause to believe it contains articles or materials prohibited by the District.

The District has the right to search a student’s locker or desk when there is reasonable cause to believe it contains articles or materials prohibited by the District.

POSTING AND DISTRIBUTION OF CODE OF CONDUCT

In accordance with state law, the Code shall be posted at each school campus or shall be available for review at the office of the campus principal. Additionally, the Code will be available at the office of the campus behavior coordinator and posted on the district’s website. Students may request a copy of the Parent-Student Handbook, which includes the Code of Conduct, at the beginning of the school year. The Code of Conduct will be provided to all teachers, new professional employees, students who are enrolled after the beginning of the school year, any parent, and any other person upon request. Each student, teacher, and parent annually must sign a statement that they have read and have access to the SAISD Student Code of Conduct and acknowledge the rules and responsibilities outlined therein.

'Parent' Defined

Throughout the Code of Conduct and related discipline policies, the term "parent" includes a parent, legal guardian, or other person having lawful control of the child.

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer shall have the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner that is inappropriate for a school setting, and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG(LOCAL) or GF(LOCAL), as appropriate.

B – STANDARDS FOR STUDENT CONDUCT

GENERAL CONDUCT GUIDELINES

Students are expected to comply with the following guidelines, which will be incorporated into each campus's rules for conduct:

- Obey all campus and classroom rules and/or social contracts (i.e. Treatment Agreements);
- Treat other students and adults with courtesy and respect;
- Accept responsibility for their actions and behavior and be held accountable for the consequences;
- Attend all classes, regularly and on time;
- Be prepared for each class with appropriate materials and assignments;
- Be dressed and groomed appropriately;
- Refrain from posting threatening messages on social-media outlets directed at students, parents, staff or school property;
- Actively support and assist the school in maintaining a campus free from drugs, alcohol, weapons, and gang activity, by:
(i) Cooperating with staff in investigations of disciplinary cases and volunteering information within the student's knowledge relating to a serious offense; (ii) Responsibly informing staff of conduct violations by others; and (iii) Immediately submitting any prohibited items to staff or informing staff of location of prohibited items immediately upon discovery; and
- Adhere to the requirements of the Student Code of Conduct.

Campus Behavior Coordinator

As required by law, TEC 37.0012, a person at each campus must be designated to serve as the Campus Behavior Coordinator (CBC). The designated person may be the principal of the campus or any other campus administrator selected by the principal. The campus behavior coordinator is primarily responsible for maintaining student behavior.

San Antonio Independent School District Board Policy delegates to the principal or designee the authority to administer discipline at the campus level, and delegates the authority to remove students to a District Alternative Education Program (DAEP) or expulsion to the Juvenile Alternative Education Program (JJAEP). The Campus Behavior Coordinator has the discretion to apply school-based discipline for specific violations or refer the matter to the District Disciplinary Hearing Office for review.

The sequence of disciplinary actions begins with the minimum disciplinary action and may progress to the more serious disciplinary consequences established in the Student Code of Conduct. The Campus Behavior Coordinator must consider the intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the campus behavior coordinator results in a discretionary or mandatory action. The disciplinary action will draw on the professional judgment of teachers, principals or designee and on a range of behavior management techniques, including restorative practices. The consequence decision will be based on these factors, as well as the specific circumstances unique to the situation and the individual student involved.

Staff Reporting Requirements

When a teacher believes that a student has committed a violation of this Student Code of Conduct, the teacher must submit a written description of the student's actions for classroom documentation and/or to the principal/administrator or campus behavior coordinator. The teacher shall document less-serious offenses as "teacher managed" only (see "Level I - Teacher Managed Offenses" below) and shall report more serious violations to school administrators for handling.

School administrators shall also report conduct believed to constitute a crime to legal authorities as required by law and shall notify law enforcement when an administrator suspects that a crime has been committed on campus.

The campus behavior coordinator shall promptly notify a student's parent by phone or in person of any violation that may result in

in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinator shall also notify a student's parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort shall be made on the day the action was taken to provide to the student for delivery to the student's parent written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00 p.m. on the first business day after the day the disciplinary action was taken, the campus behavior coordinator shall send written notification by U.S. Mail. If the campus behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice.

Before the principal or appropriate administrator assigns a student under 18 to detention outside regular school hours, notice shall be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

CLASSROOM MANAGEMENT SYSTEM

Each teacher shall establish a classroom setting that exhibits effective discipline management practices, including rules for classroom behavior. Most student behavior can be managed in the classroom, and the establishment of an effective classroom management system should enhance student learning while decreasing violations of the student offenses listed below. Violations of classroom rules established by the teacher shall result in documentation by the teacher as deemed necessary by the teacher. However, a written discipline referral to the campus administrator shall not be required.

The teacher will provide strategies and interventions for classroom support and the principal/administrator or campus behavior coordinator shall provide campus strategies and interventions to support the student. Campus staff shall provide the parent with a copy of the written description and strategies and interventions to support the student.

Teachers shall employ Positive Behavior Intervention & Support (PBIS) and Restorative Practice strategies, in which they have been trained, as recommended by the campus PBIS team. To the extent that there ever appears to be a conflict between PBIS /Restorative Practices strategies and the Student Code of Conduct, the Student Code of Conduct shall prevail.

BEHAVIOR MANAGEMENT TECHNIQUES

Behavior management techniques and consequences will be applied when necessary to improve the students' behavior, to maintain order, or to protect other students, school employees, or property. Every student shall be treated appropriately, fairly, and equitably. The following behavior management techniques may be used by teachers, administrators, or both, alone or in combination:

- Tier I Positive Behavior Intervention Strategies
- Multi-Tiered System of Support (MTSS)
- Verbal Correction
- Cooling-off time or "time-out"

- Expulsion from SAISD and placement in the Juvenile Justice Alternative Education Program (JJAEP)
- Techniques or penalties identified in individual student organizations' extracurricular standards of behavior
- Other strategies and consequences as specified by the Student Code of Conduct

Some inappropriate punishment techniques for behavior violations may include, but are not limited to, the following examples:

- Requiring a student to stand for a period time without sitting;
- Requiring a student to stand and hold books for a period time without relief;
- Requiring a student to engage in physical activity as a discipline technique;
- Subjecting a student to ridicule;
- Requiring a student to write "lines";
- Ordering a student to leave the classroom without a discipline referral;
- Requiring a student to work in an unsupervised setting (e.g., in the hallway, etc.); and
- Denying a student access to lunch, prescribed medication, or bathroom breaks.

The principal shall delineate other discipline techniques which are considered inappropriate on the campus.

STUDENT OFFENSES

Level I – Teacher Managed Serious Offenses

Students who commit Level I offenses at school, on District transportation, or during school-related activities will be assessed consequences commensurate with the offense. Level I violations will not result in the formal removal of the student from class or another placement but may focus on routine classroom rules and social contracts that will govern a student's conduct. Level I offenses and corresponding penalties are usually not as serious as Level II, III or IV offenses, and are reported in the "Teacher Managed" section of the Districts discipline referral system. (Texas law provides an exception from mandatory expulsion for a student’s use, exhibition, or possession of a firearm at an approved off-campus target range facility while participating in or preparing for certain shooting sports, competitions, or activities sponsored by the district or affiliated with the Texas Parks and Wildlife Department. There is no exception for similar use or possession of a firearm on school property.)

EMERGENCY PLACEMENT IN A DAEP OR EXPULSION

<u>Code</u>	<u>Offense</u>
23.FJ	A student may be immediately placed in a DAEP or immediately expelled, as allowed by law [TEC 37.019], if that student engages in conduct so unruly, disruptive, or abusive that it seriously interferes with a teacher’s ability to communicate effectively with the students in a class, with the ability of the classmates to learn, or with the operation of school or a school-sponsored activity (placement in a DAEP) or if the student’s action might cause imminent harm to persons or property (expulsion).

At the time of the emergency placement or expulsion, the student shall be given oral notice of the reason for the action. Within a reasonable time after the emergency placement, the student shall be accorded the appropriate due process. Students with disabilities are subject to applicable federal and state law regarding the term of a student's emergency placement.

EXPULSION FOR TITLE 5 FELONY OFFENSES

Regardless of whether placement or expulsion is required or permitted by the provisions governing DAEP Placement or Expulsion above, in accordance with TEC 37.0081, a student may be expelled and placed into either DAEP or the Juvenile Justice Alternative

Education Program if the Board or its designee makes certain findings and the following circumstances exist in relation to aggravated robbery or a felony offense under Title 5 [see Glossary] of the Texas Penal Code. The student must:

- Receive deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been charged with engaging in conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
- Received probation or deferred adjudication or have been convicted of, arrested for or charged with a Title 5 felony offense.

The expulsion or DAEP placement may be without regard to (a) the date or location of the offense; (b) the enrollment status of the student; or (c) whether the student successfully completed any court disposition requirements.

The student must first have a hearing before the Board or designee, who must determine that the student's presence in the regular classroom: (a) threatens the safety of other students or teachers; (b) will be detrimental to the educational process; or (c) is not in the best interests of the district's students. Any decision of the Board or the designee under this section is final and may not be appealed.

The student is subject to the placement until one of the following occurs: (a) the student graduates from high school; (b) the charges are dismissed or reduced to a misdemeanor offense; or (c) the student completes the term of the placement or is assigned to another program. A student who enrolls in the District before completing a placement under this section from another school district must complete the term of the placement. Students are entitled to the periodic 120-day review provided for other disciplinary placements. In the event of a conflict, any provision in the Student Code of Conduct that derives from Texas Education Code § 37.007 will prevail.

REGISTERED SEX OFFENDERS – PLACEMENT IN DAEP/JJAEP

Upon receipt of notification that a student is a registered sex offender, a decision regarding the placement of the student into a DAEP or the district's juvenile justice alternative education program will be made according to the following guidelines. Students who are no longer required to register as a sex offender or who receive early termination of the obligation to register, are not considered registered sex offenders. This section supersedes other provisions pertaining to alternative disciplinary placement.

Court Supervision

A student who is under any form of court supervision, including probation, community supervision, or parole, shall be placed in either DAEP or JJAEP for at least one semester. If such a student transfers, the student may be required to complete an additional semester in an alternative placement in the new school district without a committee conducting a placement review as described below or the enrolling district may count the time spent by the student in the former district toward the required placement time. A student who is not under any form of court supervision, may be placed in a disciplinary program or in the regular classroom unless the board's designee determines that the student's presence (a) threatens the safety of other students or teachers; (b) will be detrimental to the educational process; or (c) is not in the best interest of the District's students.

Review Committee

A committee shall be convened after the student is placed for one semester to review the student's placement. The committee shall be composed of (1) a classroom teacher from the campus to which the student would be assigned were the student not in the alternative program; (2) the student's parole or probation officer or a representative of the local juvenile probation department; (3) an instructor from the alternative education program to which the student is assigned; (4) a school district designee selected by the board or its designee; and (5) a counselor employed by the school district. The committee shall vote to determine whether the student should remain in the alternative setting or be returned to the regular classroom. The recommendation must then be made to the board or its designee. The Board of Trustees must honor the committee recommendation unless one of the following occurs: (a) a recommended regular classroom placement but board's designee determines that the student's presence threatens the safety of other students or teachers, will be detrimental to the educational process, or is not in the best interests of the district's students; (or (b) a recommended continued alternative setting but the board's designee determines that the student's presence *does not* threaten the safety of other students or teachers, *will not* be detrimental to the educational process, or *is not contrary* to the best interests of the district's students. If the recommendation is to continue the alternative setting and the board determines that this will occur then before the beginning of each school year, the placement committee shall meet and make its determination and recommendation again.

Students Receiving Special Education Services

A placement for a student receiving special education services must be made in compliance with IDEA (20 USC § 1400 et seq.). If a student receiving special education services is placed into an alternative setting for more than one semester, the placement review must be made by the student's Admissions, Review, and Dismissal (ARD) Committee. The ARD Committee can request that a placement committee with the members described above be convened in order to assist them in conducting the placement review.

Appeal

A student or parent or guardian may appeal a placement as a registered sex offender by requesting a conference among the board or its designee, the parents or guardian and the student. This conference will be limited to the factual question of whether the student is required to register as a sex offender. The decision made by the Board or its designee is final and may not be appealed.

TRANSPORTATION RULES

Students shall follow these rules while on district vehicles or other public transportation (e.g., VIA buses) carrying students to and from school:

- Follow the driver's instructions at all times.
- Do not engage in any conduct that may distract or harm the driver, or otherwise cause the driver to be unable to operate the vehicle safely.
- Board and leave the vehicle in an orderly manner at the designated bus stop.
- Remain seated when the vehicle is in motion.
- Utilize seat belts if they are available on the vehicle.
- Keep books, band instrument cases, feet, and other objects out of the aisle of the vehicle.
- Keep the vehicle clean; do not deface or vandalize the vehicle or its equipment.
- Maintain safety near windows: do not extend head, hand, arm, or leg out of the window or hold objects out of the window.
- Do not throw any objects within the vehicle or out of the vehicle.
- Upon leaving the vehicle, use caution before crossing streets.
- Comply with all other rules in this Code of Conduct or established by the operator of the vehicle.

Since the district's primary responsibility in transporting students in district vehicles is to do so as safely as possible, the operator of the vehicle must focus on driving and not have his or her attention distracted by student misbehavior. Therefore, a bus driver may refer a student, through the use of a written disciplinary referral, to maintain effective discipline on the bus. The principal or campus behavior coordinator must employ additional behavior management techniques, as appropriate, which may include restricting or revoking a student's bus riding privileges. The referring bus driver shall be notified of any student consequences as a result of his or her referral in a timely manner. Note: a change in transportation services for a student with a disability for whom transportation is a related service requires ARD committee action; a change in transportation services for Section 504 students requires Section 504 committee action. For more information, contact the Transportation Department.

GANG-FREE ZONES

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1000 feet of any district-owned or leased property or campus playground.

VANDALISM AND GRAFFITI

Vandalism is the damage or destruction of property without the consent of the owner. It is willful action that results in the destruction, damage, or defacement of property belonging to or used by the SAISD. Graffiti is vandalism and includes marks with paint, indelible markers or removable markings on school property without consent. The markings may include inscriptions, slogans, drawings, or paintings. The offense may be categorized as criminal mischief and punishable as a felony or misdemeanor. The difference between graffiti and art is permission.

A student who engages in conduct that damages or tampers with the property of another has committed a Level II, Level III, or Level IV Offense, as described in the Student Offenses section above. It is punishable by appropriate disciplinary action as described in the Consequences for Inappropriate Behavior section below. Parents or guardians of students guilty of damaging school property shall be liable for damages in accordance with law, and may be subject to criminal penalties.

ELECTRONIC COMMUNICATION SYSTEM - STUDENT ACCEPTABLE USE POLICY

SAISD has established a District-wide electronic communications system to facilitate the educational process. Along with this resource are associated responsibilities. Though all training in the use of the District's telecommunications network emphasizes the ethical use of this resource, it is possible that your child may come across some materials you might find unacceptable. While the District takes reasonable steps to prevent access to such material through electronic filtering and classroom management, it is not possible for the District to guarantee that it can completely prevent such access. The rules below are for appropriate use and are expected to be followed at all times while accessing the District's electronic communications system. Students are expected to adhere to the following rules:

Safety of Self and Others

- Report to their teachers or other school personnel any message received that is inappropriate or makes them uncomfortable;
- Not reveal personal information about themselves or others;
- Not agree to meet with someone they met online without parental knowledge and participation;
- Not use the system to threaten others;
- Use appropriate language for the educational environment and for the educational activity in which they are currently involved (no swearing, vulgarity, ethnic or racial slurs, or any other inflammatory or threatening language);
- Not transmit or send obscene pictures or messages; or
- Not participate in cyber-bullying.

Access and Use

- Not send messages under a false identity;
- Not access e-mail, files, and/or other documents of other users without permission;
- Not use the Internet or other electronic communications to threaten district students, employees, board members, or volunteers, including off school property if the conduct causes a substantial disruption to the educational environment.
- Not access websites that contain inappropriate or illegal material, including those that contain content that is pornographic

- or sexual in nature, from any computer or other technological device on school property;
- Not use the internet for financial gain, political or commercial activity;
- Not use the system for purchasing products or services; or
- Not use the system for illegal purposes or any other activity prohibited by District policy.

Copyright Laws

- Will comply with and be aware of all copyright laws.

System Security

- Not attempt to harm equipment, materials, or data;
- Not knowingly infect a computer or network with a virus;
- Not knowingly disrupt the network;
- Not provide passwords to other users; and
- Always report any violations of the SAISD Acceptable Use Guidelines to a teacher or administrator.

Respect for System Limitations

- Not download large files unless absolutely necessary.

INAPPROPRIATE ELECTRONIC MESSAGES AND WEBPAGES

Students are prohibited from sending, posting or possessing electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal, including cyber bullying and "sexting." This prohibition applies to conduct both on and off school property if it results in a substantial disruption to the educational environment or infringes on the rights of another student at school.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child <http://beforeyoutext.com>, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

Students are also prohibited from using the name or persona of another person to create a web page on or to post one or more messages on a commercial networking site without obtaining the other person's consent AND with the intent to harm, defraud, intimidate, or threaten any person. Any person violating these rules will be disciplined according to the Student Code of Conduct and may, in certain circumstances, be reported to law enforcement.

CELL PHONES AND OTHER ELECTRONIC DEVICES

The use of cell phones and other electronic devices, such as MP3 players, on school property is prohibited. For safety purposes, the district permits students to possess cell phones while on campus; however, all cell phones must remain turned off during school hours, including during all testing. With prior approval from the principal and teacher, a student may use personal electronic devices for on-campus educational purposes only.

Any unauthorized use of cell phones or other electronic devices will result in the consequences described in the Student Code of Conduct, as well as the assessing of fines and/or confiscation as described below:

1st Offense – Documented verbal warning and reminder given to student that electronic devices may be confiscated and fines assessed for the return of the device in accordance with the Telecommunications / Electronic Devices Procedures.

2nd Offense – Electronic device confiscated and returned to parent/legal guardian at end of the school day. Parent/guardian signature and date required for receipt of device and parents will receive an additional copy of the Telecommunications/Electronic Devices Procedures.

3rd Offense – Device confiscated and \$10 fine assessed for return of the item. Parents/legal guardians may pick up the device at the end of the day after the fine has been collected.

4th and subsequent offenses – Device confiscated and \$15 fine assessed for return of the item. Parents/legal guardians may pick up the device at the end of the day after the fine has been collected.

Additional Considerations:

- Adult students over the age of 18 years may retrieve personal electronic devices in lieu of parent/guardian after paying the required fee at the end of the school day as appropriate.
- Administrators/campus staff are not responsible for lost or stolen items.
- When paying fine, exact cash is required.
- Hours to pick-up phones/electronic devices are 7:30 a.m. to 4:15 p.m. Monday through Friday.
- Fees collected will be deposited in campus student activity funds.
- Upon receipt of reliable proof that a student and his or her parent or guardian are unable to pay the required fee, the fee shall be waived. Principals shall determine eligibility for a fee waiver.

Disposal of Electronic Devices

Parents/legal guardians will be given notice and will be allowed to retrieve devices collected throughout the school year prior to disposal of the device. If a telecommunication device is not retrieved, the District shall dispose of the device after providing the student's parent and the paging company whose name and address appear on the device at least 30 days' notice of the intent to dispose of the device. Such notice may be made by telephone or in writing, and must include the serial number of the device.

EMAIL AND SOCIAL MEDIA USE BETWEEN EMPLOYEES AND STUDENTS

In general, employees are prohibited from using electronic media (email, texting, social media, etc.) to communicate with students unless they are exempted from this prohibition under Administrative Procedure D36. A certified or licensed employee may communicate with students via electronic media about matters within the scope of their professional responsibilities without written consent from District administration. Any other employee designated in writing by the Superintendent or the campus principal may use electronic media to communicate with students who are currently enrolled in the district. There is also a defined exemption for certain family members.

Employees are also prohibited from communicating with students through a personal social network page unless the employee has created a separate social network page (a "professional page") for the purpose of communicating with students. The employee must receive a signed and completed Participation in Electronic Media Parent Permission Form [Form D36-A] prior to communicating with any student through a form of electronic media that is private or password protected. This includes all emailing or texting (even if more than one person is part of the communication) or any social media format that requires a password or permission to access. A signed Form D36-A from each student participant is not required for public internet communications or postings that do not require the host's permission or a password to access the posted information (e.g., a public Twitter account or public Facebook page). If you have any questions regarding the District's electronic media policy, please contact the Department of Instructional Technology.

C – CONSEQUENCES FOR INAPPROPRIATE BEHAVIOR

GENERAL DISCIPLINE GUIDELINES

Discipline shall be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative discipline practices. Students must be treated fairly.

Discipline shall be based on a careful assessment of the factors particular to each case, including the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude or intent, the effect of the misconduct on the school environment, whether self-defense was involved, and statutory requirements. Because of these factors, discipline for a particular offense, unless otherwise specified by law, may bring into consideration varying techniques and responses.

BEHAVIOR MANAGEMENT TECHNIQUES

Behavior management techniques and consequences will be applied when necessary to improve the students' behavior, to maintain order, or to protect other students, school employees, or property. Every student shall be treated appropriately, fairly, and equitably. The following behavior management techniques may be used by teachers, administrators, or both, alone or in combination:

- Tier I Positive Behavior Intervention Strategies
- Multi-Tiered System of Support (MTSS)
- Verbal Correction
- Cooling-off time or "time-out"
- Seating changes in the classroom
- Student-parent-teacher conferences
- Confiscation of items that disrupt the educational process
- Conference with teacher, counselor or administrative personnel
- Mediation
- 90 Second Spark
- 2 Minute Connections
- Mood Meters
- Classroom restorative circles (Classroom circles can be used to establish a Treatment Agreement, building school community, repairing harm, decision making strategies and/or teaching content)
- Teacher-parent telephone conference
- Teacher-parent face-to-face conference
- Administrator-teacher-parent telephone conference
- Administrator-teacher-staff-parent face-to-face conference
- School-assessed and school administered counseling and/or group socialization skills training
- Anger Management
- Restitution/Restoration (see glossary)
- Behavioral Contract
- Bullying Contract
- "Stay Away" Agreements
- Removal of student to the office
- Placement in the On-Campus Intervention/In-School Suspension program

- Withdraw or restrictions of bus privileges
- Detention
- Prohibited attendance at or participation in extracurricular activities
- Suspension (not to exceed three (3) school days, per incident)
- Referral to law enforcement when inappropriate behavior violates local and/or state law
- Placement in a Disciplinary Alternative Education Program (DAEP)
- Expulsion from SAISD and placement in the Juvenile Justice Alternative Education Program (JJAEP)
- Techniques or penalties identified in individual student organizations' extracurricular standards of behavior
- Other strategies and consequences as specified by the Student Code of Conduct

Some inappropriate punishment techniques for behavior violations may include, but are not limited to, the following examples:

- Requiring a student to stand for a period time without sitting;
- Requiring a student to stand and hold books for a period time without relief;
- Requiring a student to engage in physical activity as a discipline technique;
- Subjecting a student to ridicule;
- Requiring a student to write "lines";
- Ordering a student to leave the classroom without a discipline referral;
- Requiring a student to work in an unsupervised setting (e.g., in the hallway, etc.); and
- Denying a student access to lunch, prescribed medication, or bathroom breaks.

The principal shall delineate other discipline techniques which are considered inappropriate on the campus.

Time-out Guidelines

Time-out is a behavior management technique that seeks to reduce or eliminate inappropriate behaviors that are maintained by attention or other reinforcers. Time-outs are intended to give students an opportunity to regain self-control, which will increase and strengthen positive student behavior. A student placed in time-out is separated from the activity or other students for a limited amount of time.

Teachers are encouraged to designate areas in the classroom for time-out, such as a self-control area, cool-down, or chill corner. Time-out in another teacher's classroom may be used if both teachers agree. For any time-out, students must be supervised at all times and any loss of instruction time should be minimized. Students may not be isolated or kept locked in a classroom. A student cannot be physically prohibited from leaving time-out nor can physical force be used to place students in time-out.

For students with IEPs in accordance with TAC §89.1053(b)(3) and TEC 37.0021(b)(3) *Time-out* means a behavior management technique in which, to provide a child with an opportunity to regain self-control, the child is separated from other children for a limited period in a setting that is not locked and from which the exit is not physically blocked by furniture, a closed door held shut from the outside, or another inanimate object. A school employee, volunteer, or independent contractor may use time-out with the following limitations:

- Physical force or threat of physical force must not be used to place a child in time-out;
- Time-out must only be used in conjunction with an array of positive behavior intervention strategies and techniques and must be included in the child's individualized education program (IEP) and/or BIP if it is utilized on a recurrent basis to increase or decrease a targeted behavior; and
- Use of time-out must not be implemented in a fashion that precludes the ability of a child to be involved in and progress in the general curriculum and advance appropriately toward attaining the annual goals specified in the child's IEP.

For students with IEPs in accordance with TAC §89.1053(h), training for school employees, volunteers, or independent contractors must be provided according to the following requirements:

- General or special education personnel who implement time-out based on requirements established in a child's IEP and/or BIP must be trained in the use of time-out;
- Newly identified personnel called upon to implement time-out based on requirements established in a child's IEP and/or BIP must receive training in the use of time-out within 30 school days of being assigned the responsibility for implementing time-out;
- Training on the use of time-out must be provided as part of a program which addresses a full continuum of positive behavioral intervention strategies, and must address the impact of time-out on the ability of a child to be involved in and progress in the general curriculum and advance appropriately toward attaining the annual goals specified in the child's IEP; and
- All trained personnel must receive instruction in current professionally accepted practices and standards regarding behavior management and the use of time-out.

Students with Disabilities

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, state and/or federal law will prevail. In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district will take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct. A student who is enrolled in a special education program may not be disciplined for conduct meeting the definition of bullying, harassment, or making hit lists

(see Glossary) until an ARD committee meeting has been held to review the conduct. Pending the results of the meeting, a student may be removed for a maximum of ten school days.

Students with IEPs may be subject to both in and out-of-school suspension the same as all students up to 10 cumulative school days. Once a student reaches 10 days of removals, whether partial or full day, an MDR must be held. At the MDR ARD, the committee must determine if the suspensions constitute a pattern of removals either by type of behavior, length of removal, or proximity of removals to one another. If a pattern is established, the student may not be subjected to additional similar removals for the remainder of the school year. Removals are accrued when the disciplinary action resulted in a removal of special education services for all or part of the day. This includes suspension from riding the bus if the student receives transportation as a related service as well as partial-day suspensions. If the student is assigned in-school-suspension which results in the student not having access to the special education time indicated in the ARD schedule, this will count as one day of removal.

Placement of Students with Disabilities into a DAEP or Expulsion

The DAEP placement of a student with a disability or expulsion may only be made following an ARD/Section 504 meeting which determines that the misconduct was not a manifestation of the student's disability. The review must be conducted no later than ten (10) school days following the decision to place the student in the DAEP. The ARD Committee or Section 504 Committee may determine that the conduct was a manifestation of the student's disability only if the ARD Committee determines the following: (a) the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or (b) the conduct in question was the direct result of the District's failure to implement the IEP.

A student with a disability who receives special education services may not be placed in DAEP solely for educational purposes if the student has not also committed one of the offenses warranting placement in the DAEP. [TEC 37.004]

If the ARD Committee determines that the behavior of the student was not a manifestation of the student's disability, the student may be placed into a DAEP or expelled but must continue to be provided a free appropriate public education. The ARD Committee shall determine the services necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the student's IEP goals during the time of placement.

If the ARD Committee determines that the student's misconduct was a manifestation of the disability, the student shall not be placed into the DAEP or expelled. If the ARD Committee determines that the student's placement and/or IEP is inappropriate, the misconduct must be considered a manifestation of the student's disability and the student must not be expelled. The ARD Committee may propose changes in the student's placement (other than DAEP placement or expulsion), and/or changes in the student's IEP, including the student's behavioral intervention plan as appropriate.

A student with a disability may be removed to an interim alternative educational setting for not more than 45 school days without regard to whether the misconduct is determined to be a manifestation of the student's disability in cases where the student: (i) carries or possesses a weapon at school, on school premises, or at a school function under the jurisdiction of the school district; (ii) knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the school district; or (iii) has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the school district. If the student's behavior is determined NOT to be a manifestation of the student's disability, the student may be placed in a disciplinary setting to the same extent as a non-disabled student.

DETENTION

For infractions of the Student Code of Conduct or other policies and regulations, teachers may detain students before or after school hours. Before assigning students to detention, the teacher shall inform the student of the conduct that allegedly constitutes the violation, and the student shall be given an opportunity to explain his or her version of the incident.

When detention is used, notice shall first be given to the student's parent or legal guardian to inform the parent of the reason for the detention and permit arrangements for the necessary transportation of the student. Except in the case of a student who is 18 or older living apart from parents and emancipated minors, the detention shall not begin until the parent has been notified. The student's parent or guardian, if the student is a minor, may be required to provide transportation when the student has been assigned to detention.

IN-SCHOOL SUSPENSION/ON-CAMPUS INTERVENTION

Students may be placed in in-school suspension or on-campus intervention for engaging in any serious [Level II] offenses as described and set forth in this Code of Conduct. Additionally, students may be placed in in-school suspension or on-campus intervention pending DAEP placement or expulsion. Before placing a student in in-school suspension or on-campus intervention, the campus behavior coordinator shall consider reasonable alternatives, including behavior intervention strategies, wrap around services or appropriate discipline management techniques. If the campus behavior coordinator determines that in-school suspension or on-campus intervention is the most appropriate alternative, no other disciplinary action need precede the placement in in-school suspension or on-campus intervention.

REMOVAL FROM CLASSROOM BY A TEACHER

Routine Removal: A teacher may send a student to the campus behavior coordinator's office with appropriate documentation of a violation of this Code of Conduct in order to maintain effective discipline in the classroom. The campus behavior coordinator shall respond by employing appropriate discipline management techniques consistent with this SAISD Student Code of Conduct and local policy.

Formal Removal: A teacher may remove from class a student who (1) has been documented by the teacher to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or (2) whose behavior the teacher determines is so unruly, disruptive or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the student's classmates to learn.

The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activities. When a student has been removed by a teacher pursuant to this section, the campus must complete a Discipline Data Entry Form (F34-A), using the Offense Code 01.

Conference and Review Requirements for Students Removed from Class

In the case of a formal removal, not later than the third class day after the day in which the student is removed from the class by the teacher, the campus behavior coordinator, or other appropriate administrator, the campus behavior coordinator or other appropriate administrator shall schedule a conference with the student's parent, the teacher that removed the student, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The campus behavior coordinator or other appropriate administrator will notify the student of the consequences of the Code of Conduct violation. The student may not be returned to the regular classroom pending the conference.

Following the conference, and whether or not all requested parties are in attendance after valid attempts to require their attendance, the principal shall order the placement of the student for a period consistent with this Code of Conduct. Students with disabilities may not be removed in violation of specific IEP/IAP provisions or for more than 10 school days in a school year without ARD/Section 504 Committee approval.

A student removed from the regular classroom to in-school suspension, on-campus intervention or another setting, other than DAEP, will have an opportunity, before the beginning of the next school year, to complete each course the student was enrolled in at the time of removal from the regular classroom. The District may provide the opportunity by any method available, including a correspondence course, distance learning, or summer school. Students and their parents are encouraged to discuss the option with the teacher or school counselor to ensure the student completes all work required for the course or grade level.

Return to the Classroom

The student may not be returned to the classroom of the teacher who removed the student without the teacher's consent unless the Placement Review Committee determines that such placement is the "best or only alternative available." However, if the teacher removed the student because the student committed assault with bodily injury, aggravated assault, sexual assault, or aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder against the teacher, the student may not be returned without the teacher's consent.

SUSPENSION (OUT OF SCHOOL)

Students may be suspended for a period not to exceed three school days per behavior violation for engaging in any [Level II] offense or higher or pending DAEP placement or expulsion. A campus administrator may suspend a student prior to (but not in lieu of) placement in a DAEP or prior to (but not in lieu of) expulsion, where a student's conduct requires such placement or expulsion. Before suspending a student, the campus behavior coordinator or appropriate administrator shall consider reasonable alternatives, including appropriate discipline management techniques. If the administrator determines that a suspension is the most appropriate alternative, no other disciplinary action need precede the suspension.

The district shall not use out-of-school suspension for students in grade 2 or below unless the conduct meets the requirements established in law.

A student in grade 2 or below shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code Section 46.02 or 46.05;
- Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

The district shall use a positive behavior program as a disciplinary alternative for students in grade 2 or below who commit general conduct violations instead of suspension or placement in a DAEP. The program shall meet the requirements of law.

Students who are sent home by the school for behavior infractions are suspended. Students may not be sent home without the proper procedures being followed for out-of-school suspension.

Conference with Student before Suspension

Before suspending a student, the campus coordinator or appropriate administrator shall conduct an informal conference, at which the student shall be advised of the conduct with which he or she is charged, and the student shall be given the opportunity to explain the student's version of the incident.

Notice to Parents re: Suspension

A student's parent shall be notified of a suspension by telephone, or other appropriate means, as soon as reasonably practicable. Parents shall be advised that it is their responsibility to provide adequate supervision for the student during the period of suspension. The student is not allowed on the home campus or any other school campus or at any school-related activity during the suspension. Students violating this prohibition may be charged with illegal trespass, a Class C Misdemeanor. If a student is incarcerated, District staff will attempt to contact parents and other agencies to provide required student information.

DISCIPLINARY ALTERNATIVE EDUCATION PROGRAMS (DAEP)

The District shall provide for the continuing education of a student placed in a DAEP by transferring the student to one of the District campuses designated as a DAEP campus. The DAEP shall be in a setting other than the student's regular classroom. A student younger than 6 years of age may not be placed in a DAEP. A student in grade 2 or below shall not be placed in DAEP unless the student's conduct meets the requirements established in law. [See **Suspension Out of School**]. An elementary school student may not be placed in a DAEP with a student who is not an elementary school student. For purposes of DAEP, elementary classification shall be kindergarten-grade 5 and secondary classification shall be grades 6-12. Summer programs provided by the district shall serve students assigned to a DAEP separately from those students who are not assigned to the program. The district shall provide transportation to students in a DAEP.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the district shall take into consideration (1) self-defense (see glossary); (2) intent or lack of intent at the time the student engaged in the conduct, (3) the student's disciplinary history, or (4) a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

Hearing

Following an initial determination by the principal or investigating administrator that a student has committed an offense that requires or allows placement in a DAEP, a hearing will be scheduled with a District hearing officer who shall determine whether placement is warranted and the appropriate consequence based on information from the principal, teacher(s), parent(s) and other sources of data. At the hearing, the student's parent or guardian will be notified of the alleged violation of the code of conduct. If the School District makes a good faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the District may hold the hearing, regardless of whether the student, the student's parent or guardian, or another adult representing the student attends.

Duration of Placement

The duration of a student's placement in the DAEP shall be determined by the campus behavior coordinator or other appropriate administrator. The length of placement shall be expressed in a specific number of days that the student must successfully complete in the DAEP prior to returning to the home campus. If the student's placement is to extend beyond the end of the next grading period, the student or the student's parent or guardian is entitled to participate in a proceeding before the Board of Trustees or the Board's designee. Any appeal of the decision shall be addressed in accordance with FNG (Local).

Before the District may place a student in a DAEP for a period that extends beyond the end of the school year, the Board or Board's designee must determine that (a) the student's presence in the regular classroom or at the student's regular campus presents a danger of physical harm to the student or to another individual; or (b) the student has engaged in serious or persistent misbehavior that violates this SAISD Student Code of Conduct.

Appeal

Any decision made by the District Hearing Officer to remove a student to a Discipline Alternative Placement Program is subject to the District's Student and Parent Complaints/Grievances Policy. [See policy FNG (LOCAL)]

Coursework Notice

The parent of a student placed in DAEP shall be given written notice of the student's opportunity to complete coursework required for graduation, at no cost to the student. The notice shall include information regarding all methods available for completing the coursework. Students and their parents are encouraged to discuss the option with the teacher or school counselor to ensure the student completes all work required for the course or grade level.

Emergency Placement

In an emergency, the principal or the principal's designee may order the immediate placement of a student in a DAEP for any reason for which placement in a DAEP may be made on a nonemergency basis. In such a situation, the principal or designee shall schedule an appropriate conference no later than the 10th day after the placement.

DAEP for 90 Days or More – Student Assessment

All students placed into a disciplinary alternative education program for 90 days or more shall be assessed upon initial placement and subsequently on the date that the student depart from the program or as near to that date as possible. The assessment instrument will measure basic skills in reading and math. Students assigned to the disciplinary alternative education program must also take all academic skills assessments required of all public school students.

DAEP for 120 Days or More – Review of Student's Status

A student placed in a DAEP shall be provided a review of his/her status, including a review of his/her academic status, by the Board's designee at intervals not to exceed 120 days. In the case of a high school student, the Board's designee, with the student's parent, shall review the student's progress toward meeting high school graduation requirements and shall establish a specific graduation plan for the student. The District is not required under this subsection to provide, in the District's DAEP, a course not specified under Section 37.008(a) of the Texas Education Code. At the review, the student or parent must be given an opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent.

DAEP Placement for Persistent Misbehavior

Before proposing a student for DAEP placement for persistent misbehavior, the campus must begin the Multi-Tiered Systems of Support (MTSS) behavior intervention and then submit to the hearing officer at least 4-6 weeks of properly documented MTSS progress monitoring. The student must be in attendance at the student's regular campus for those 4-6 weeks (i.e., time in suspension or DAEP does not count). The days may be consecutive or nonconsecutive, but the time period starts over each school year. Each student will receive no more than one DAEP placement for persistent misbehavior per school year.

Newly Enrolled Students

The district shall decide on a case-by-case basis whether to continue the placement of a student who enrolls in the district and was assigned to a DAEP in an open-enrollment charter school or another district. The district may place the student in the district's DAEP or a regular classroom setting.

EXPULSION

In deciding whether to order expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration (1) self-defense (see glossary); (2) intent or lack of intent at the time the student engaged in the conduct, (3) the student's disciplinary history, or (4) a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

No student under the age of 10 shall be expelled by the District EXCEPT in the case of a student who brings a firearm to school pursuant to Section 37.007(e) of the Texas Education Code, in which case the District shall provide educational services to the expelled student in a DAEP.

Expulsion for Firearm Violations

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm to school, as defined by Federal law when the offense occurs on school property or while attending a school-sponsored or school-related activity on or off school property. However, the Superintendent or other appropriate administrator may modify the length of the expulsion on a case-by-case basis.

Expelled Transfer Students

If an expelled student from another school district applies to enroll in SAISD, the District will request that the district that expelled the student provide to SAISD, at the same time other records of the student are provided, a copy of the expulsion order and the referral to the authorized officer of the Juvenile Court. SAISD may continue the expulsion under the terms of the order, may place the student in a DAEP for the period specified by the expulsion order, or may allow the student to attend regular classes without completing the period of expulsion.

Emergency Expulsion

In an emergency, the campus behavior coordinator or other appropriate administrator may order the immediate expulsion of a student for any reason for which expulsion may be made on a nonemergency basis. At the time of the emergency expulsion, the student shall be given oral notice of the reason for that action.

Within ten days after the date of the emergency expulsion, the student shall be given appropriate due process required for a student facing expulsion. Pending the hearing, the student may be placed into another appropriate classroom, in-school suspension, or out of school suspension or the DAEP.

Due Process and Hearing for Expelled Students

Before a student is expelled, the Board or its designee shall provide the student an opportunity for a hearing at which the student is afforded due process, which shall include the following: (1) prior notice of the charges to the student's parent or guardian and the proposed sanctions so as to afford a reasonable opportunity for preparation; (2) right to a full and fair hearing before the Board or its designee; (3) right to an adult representative or legal counsel; (4) opportunity to testify, present evidence, and witnesses in his or her defense; and (5) opportunity to examine the evidence presented by the school administration and, minimally, an opportunity to view the identity of the District's witnesses and the oral or written report of the facts to which each District witness testifies.

The District shall send a notice of the hearing to the student and parent. The notice shall be in writing and shall give information about the nature of the evidence to be used against the student. If the School District makes a good faith effort to inform the student and parent of the time and place of the hearing, the District may hold the hearing, regardless of whether the student, the student's parent or guardian, or another adult representing the student attends.

During the hearing, the District may rely on the hearsay evidence of school administrators who investigate discipline infractions. The decision shall be based exclusively on evidence presented at the hearing. The final decision shall be communicated promptly to the student and parent. If the Board's designee conducts the hearing, a tape recording or transcript of the proceeding shall be made for the Board's review on appeal, in the event the matter is appealed to the Board.

After the due process hearing, the expelled student may request that the board of trustees review the expulsion decision by submitting a written request to the superintendent within 7 days after receipt of the written expulsion decision. The superintendent must provide the student or parent with written notice of the date, time and place of the meeting at which the board will review the expulsion decision. The board will review the record of the expulsion hearing in a closed session unless the parent requests that the meeting be open to the public. The board shall review the record, hear statements from both parties and shall communicate its decision orally at the conclusion of the presentation. Consequences of expulsion are not deferred pending the hearing or outcome.

If the student has been removed under the emergency expulsion provision pending the expulsion hearing, the principal or designee shall schedule a hearing within a reasonable time period (ten consecutive days) and shall invite the student's parent to attend. Pending the hearing, the student may be placed into another appropriate classroom, in-school suspension, or out of school suspension or the DAEP.

Placement in a Juvenile Justice Alternative Education Program (JJAEP)

Students who are expelled are referred for enrollment in the Bexar County Juvenile Justice Academy, the JJAEP school for Bexar County expelled students. Not later than the 2nd business day after the hearing, the District shall deliver a copy of the expulsion order to the juvenile court as well as the information required pursuant to the Texas Family Code. A copy of the expulsion order shall be provided to the student and the student's parent.

Length of Expulsion

The length of expulsion shall be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, and statutory requirements. Each expulsion decision shall be made on a case-by-case basis with the maximum period of one year unless, after a review, the district determines that the student is a threat to the safety of other students or to district employees or that extended expulsion is in the best interest of the student. Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion. If the length of expulsion is inconsistent with the guidelines herein, the expulsion order shall give notice of the inconsistency.

ADDITIONAL DAEP AND EXPULSION GUIDELINES

Restrictions During DAEP or Expulsion

During a DAEP placement or expulsion, a student may not participate in any school-sponsored or school-related extracurricular or co-curricular activity, including seeking or holding honorary positions and/or membership in school-sponsored clubs and organizations. For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the last day of placement in the program shall be the last instructional day, and the student shall be allowed to participate in the graduation ceremony and related graduation activities unless otherwise specified in the placement order.

Additional Misconduct

If, during the disciplinary placement the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator or other appropriate administrator may issue an additional disciplinary order as a result of those proceedings.

Transfer or Withdrawal from a DAEP or JJAEP

If a student transfers into SAISD from another school district in which the student was placed in a DAEP, SAISD shall continue the placement under the terms of the order provided by the sending school district. Students who transfer out of SAISD to another public or private institution, including students who withdraw from SAISD for the purpose of home schooling, and students who do not attend the DAEP or JJAEP for the duration of the placement for any reason (other than reasons which constitute an "excused absence" under SAISD policy), shall be required, upon returning to SAISD, to complete the number of days missed in the DAEP or JJAEP before being allowed to return to the regular campus. In the event that the student transfers out of SAISD while DAEP or expulsion proceedings are pending, SAISD will complete the placement proceedings.

CREDIT DURING DISCIPLINARY PROCESS

Students shall receive full credit for assignments completed in a DAEP, including in-school suspension or on-campus intervention. Students suspended from school are entitled to make up assignments or tests, regardless of the reason for the suspension. Teachers are to inform students of the time allotted for completion of the work. Students are responsible for obtaining the assignments and completing the work within the time allotted, and students are allowed to make up both class work and homework.

Students who are placed in the Bexar County Juvenile Justice Academy following expulsion are eligible to receive credit for course work completed during the placement. Students with disabilities will receive educational services during expulsion as determined by the Admission, Review, and Dismissal (ARD)/Section 504 committee.

PHYSICAL RESTRAINT

District employees may, within the scope of the employee's duties, use appropriate physical restraint to a student that the employee reasonably believes is necessary in order to:

1. Protect a person, including the person using physical restraint, from physical injury.
2. Obtain possession of a weapon or other dangerous object.
3. Prevent a student from fleeing when fleeing would put the student or others in danger.
4. Protect property from serious damage.
5. Remove from a specific location a student refusing a lawful command of a school employee, including from a classroom or other school property, in order to restore order or impose disciplinary measures. (However, an employee is not allowed to use physical restraint as a disciplinary measure; corporal punishment is prohibited)
6. Restrain an irrational student.

Students with IEPs are also subject to physical restraint in accordance with TAC §891.1053(c). A school employee, volunteer, or independent contractor may use restraint only in an emergency and with the following limitations:

- Restraint must be limited to the use of such reasonable force as is necessary to address the emergency;
- Restraint must be discontinued at the point at which the emergency no longer exists;
- Restraint must be implemented in such a way as to protect the health and safety of the child and others; and
- Restraint must not deprive the child of basic human necessities.

Training for school employees, volunteers, or independent contractors must be provided according to the following requirements:

- A core team of personnel on each campus must be trained in the use of restraint, and the team must include a campus administrator or designee and any general or special education personnel likely to use restraint;
- Personnel called upon to use restraint in an emergency and who have not received prior training must receive training within 30 school days following the use of restraint;
- Training on use of restraint must include prevention and de-escalation techniques and provide alternatives to the use of restraint; and
- All trained personnel must receive instruction in current professionally accepted practices and standards regarding behavior management and the use of restraint.

In accordance with §89.1053(e), the following documentation requirements must be met in a case in which restraint is used by school employees, volunteers, or independent contractors:

- on the day restraint is utilized, the campus administrator or designee must be notified verbally or in writing regarding the use of restraint;
- On the day restraint is utilized, a good faith effort must be made to verbally notify the parent regarding the use of restraint;
- Written notification of the use of restraint must be placed in the mail or otherwise provided to the parent within one school day of the use of restraint;
- Written documentation regarding the use of restraint must be placed in the child's special education eligibility folder in a timely manner so the information is available to the admission, review, and dismissal (ARD) committee when it considers the impact of the child's behavior on the child's learning and/or the creation or revision of a behavioral intervention plan (BIP); and
- Written notification to the parent and documentation to the child's special education eligibility folder must include the following:
 - Name of the child;
 - Name of the staff member or staff members administering the restraint;
 - Date of the restraint and the time the restraint began and ended;
 - Location of the restraint;
 - Nature of the restraint;
 - A description of the activity in which the child was engaged immediately preceding the use of restraint;
 - The behavior that prompted the restraint;
 - The efforts made to de-escalate the situation and alternatives to restraint that were attempted; and
 - Information documenting parent contact and notification.
