

NATURE

Monday

Go on a nature walk and collect as many interesting items as you can. Create a picture using your items found in nature. When you have finished place sticks around to act as a picture frame. Use descriptive words to tell an adult about your masterpiece.

Tuesday

Using paper and crayons or a sidewalk and chalk, take two or three of your favorite toys outside to a sunny place, practicing tracing the outline from the shadow. Once you've finished your drawing make up a story to tell a friend!

Wednesday

Head outside armed with a basket or bag. Gather some thin, strong twigs and a selection of leaves, branches, grasses or flowers with stalks. You can use whatever you find and whatever you like, so have a good explore. Assemble paintbrushes and create a beautiful piece of art.

Thursday

Create a self-portrait, if you find enough materials you can create a portrait of a friend that you have been thinking of. Talk with your parents about all the fun activities that you would do together and all the things that you will do when you see each other again.

Friday

Make a life-sized
Bird Nest

Create a life-sized bird nest using materials from around your house (old boxes, newspapers, magazines, or anything you can find). Use your imagination and creativity to discover the world around you.
